Women Worries

The Women's Council held its second meeting of the Fall semester October 7, 1969. The old business concerning the ruling of "Blanket permission" and the setting of all clocks by Radio Station WKIX was discussed.

Many questions were brought before the Council concerning such things as why we can't have more panty raids, why we can't get more girls to attend Women's Council meetings, and why we can't have more dances? The answers to these questions are as follows: Panty raids cannot be held because they can get out of hand, and people can be injured. The rule now is anyone caught engaging in panty raids will be suspended, no matter if it is a boy or a girl. For the answer to the question why can't we get more girls to the Council meetings, it was

Coach Frazier feels this upcoming year should prove to be most successful one. He feels with plenty of hard work and the potential that the team has, that we should be able to go to the conference and district playoffs and be very successful.

Rings 'N Things A Hit At Louisburg

The Rings 'N Things — Who are they? Certainly anyone who has heard them play will agree that they are a very versatile group that combines blues love, pop-rock, and French - Canadian folk into an enchanting two hours of entertainment before awed audiences.

Coming from Montreal, Canada, the Rings 'N Things have performed at the Bitter End in New York City, Cafe Lena in Saratoga Springs, New Penelope, Yellow Door, and Expo '67 in Montreal. Beginning March 15, they, along with ten other Canadian groups, will represent Canada at Expo '70 in Japan. They will perform in the Canadian Pavilion.

The group is now composed of six members: Russell Kelly-vocalist, guitarist, and song writer; Mike Thompson-vocalist and bass guitarist; Sharon Ryan-vocalist and percussion; Bill Garrett-lead guitarist and vocal backup; Tracy Walters-drummer and singer; and Ken Royle-technican and sound man.

Some of their favorite numbers are: Kegs In The Cellar, V' La, La Ben Vent, Summer Shoes, Hey Man, West End Corner, Face The Music,

and Let The Sunshine In.

Mike and Russ attended the same high school together and attended McGill University in Montreal, where they met Sharon. She has been with the group 1½ years; Ken for half a year; Tracy - since June; and Bill - since July.

During its blossoming years, the group's popularity was kept from reaching its peak due to the Beatle craze. It wasn't long, though, before its rich endowment of versatility broke the ice, exposing an array of strong acoustical polishings. The deeply rythmatic and subtle combinations of harmony echo the optimism, joy, and honesty with which their eyes view the future.

Prior to playing at Louisburg, they played at Davidson. Following their performances here they appeared at Pembroke, and next week they will entertain at Chowan.

Their future looks bright. Things are happening. Their songs and sounds are driving them forward with an ever increasing velocity. As more and more folk devotees witness their concerts, the Rings 'N Things' popularity increases.
