Liverpool To Appear Saturday Night In Concert

SGA Introduces Open House Program

As most of you sophomores and some freshmen know, change of any kind around Louisburg College is indeed a slow and tedious process. However, there is still hope! The Student Government Association, in cooperation with the Student Affairs Office, has drawn up a workable Open House Policy, which is now in the process of going before the Board of Trustees for ratification. The original recommendation is as follows:

We, the students of Louisburg College, respectfully request that an Open House Program be established for the resident students.

We are in accord with the College Administration in upholding the traditions and heritage of Louisburg College as well as the mandate required of them by the Methodist Conference. We recognize the fact the Administration does not have the personnel to administer an Open House Program, and we desire for ourselves the privilege of establishing and administering this program and assuming the responsibility for such a program. We believe the previous attempts at establishing such a program at Louisburg College have not been successful because the programs were not planned properly, nor did the students take the proper

responsibility in working toward its success.

We ask for an Open House Program for the following reasons:

1. Inter-dorm activity — in the beginning of the school year, the Life Style Expectations established by the Dean of Students, included activity sponsored by each dorm. We believe this to be the plan to promote this activity.

2. Social Standards — We feel with an Open House Program, it will build social standards through the individual. Each student will share responsibility in the success of the program, while building a better understanding of his-her social obligations.

3. Visitation of Opposite Sexes in the Dormitory — On many occasions, such as Homecoming and ball games, many have been violators of visiting the opposite sex in the dormitory rooms. This has become a serious problem at Louisburg College. We feel with such a program as Open House, this would stop a large percentage of these violators.

We recognize the fact that any system is only as good as those who are willing to respect the rights and integrity of others. We also believe the students of Louisburg College are ready to accept this responsibility.

The following rules will be

established for the success of the Open House Program.

Gillis Elected SGA Vice Pres.

A special election was held by the Student Government Association on February 4 and 5 to elect a Vice-President to replace Jan Moses, who was elevated to the office of President. Lee Gillis of Raeford, N. C. was the victor over three other candidates. Gillis will serve for the remainder of this semester, until the 1975-76 SGA officers are elected.

Gillis gathered 129 of 289 votes cast, or 44.6 percent. Nora Mansour of Louisburg ran second with 70 votes and 24.2 percent. Danny Lee of Four Oaks, N. C. was third with 58, or 20 percent, and Susan Howell of Raleigh, N. C. finished fourth with 32 votes (11 percent). A total of 289 students voted, which represents 46.4 percent of the Louisburg student body.

Gillis said that "he hopes to get something done before the end of the year. I won't make any promises," he continued, "but I am willing to listen to any student who has suggestions or ideas. I'll do anything conceivably possible to help."

Two Concerts Planned For Winter Weekend

Two rock and roll concerts are planned for the SGA Winter Weekend, February 14 and 15. Terry Dee's Rock and Roll Circus, who appeared at last year's Winter Weekend festivities, will return for a week long seminar and concert, along with Liverpool, a group which sounds amazingly like the Beatles.

Terry Dee's Rock and Roll Circus appeared at Louisburg last year at the beginning of their U. S. Tour. They were well liked by LC students for their versatility, talent and sheer entertainment value. Their show included excerpts from Jesus Christ Superstar and Sgt. Pepper's Lonely Hearts Club Band, along with comedy skits, circus acts and routines, and a 50's act as well.

The Terry Dee group plans to stay the week of February 10 at the College for a break in their college concert tour. They will rehearse during the day, hold seminars and rap sessions with the students, and plan a combination concert-dance on Friday night.

Liverpool is a group with an amazing talent for recreating the Beatle music of the 1964-1968 era.

The group, composed of Rick Pearson and Dave Moyles from Toronto, and Laurie Currie and Brian Meissner from Saskatchewan, met only eight days before their first concert in March, 1973. They originally were uneasy about an act that was composed solely of playing someone else's music, but they soon found that the act had great entertainment value.

The group usually performs three sets, changing the music and costumes in chronological order. The first set hits the early music such as "I Want to Hold Your Hand" and "A Hard Day's Night," for which the group dresses in neat blue suits with the narrow lapels. The second set is based on the Sgt. Pepper album, with costumes appropriately matched. The final set is brought more up to date, with some of the material from the Abbey Road album used.

The Terry Dee Concert and dance is planned for Friday night following the LC Women's Basketball game in the Multipurpose Room of the Student Center. The Liverpool concert will be Saturday night at 8 PM in the College Auditorium.

New SGA Vice President Lee Gillis
