

SGA President Resigns

State Of School Address

By Kim Hughes

Because of personal reasons I sincerely regret at this time that I am making a public announcement of my official resignation from my office as President. I feel confident that Robert Matthews, the current Vice-President of the Association, can carry on where I have left off. He is indeed a good leader and will put the SGA above any and all. I urge all members of the SGA to give him your full cooperation and support along with the rest of the student body. The remainder of the academic year can be even more successful and fulfilling for everyone if we are all willing to give a little.

When I was elected as SGA President, I had no idea of how important it was to the student life here at Louisburg College. I had heard of the SGA but had not taken part in it any shape, fashion, or form. After the glory and excitement of being elected had settled, the reality of becoming President hit me.

At this time I realized that for me to become a successful leader it would take a lot of hard work and sincere dedication. Even though I have put in many long, hard hours trying to decide what would be the best for you, I can honestly say nothing has ever meant more to me.

Being the President of the SGA has given me a lot of satisfaction especially knowing that the SGA has become such a great success. The SGA has quadrupled in size and amount of group participation since last year. Every Committee Member, Senator, Chairman, Executive Board Member, Class Officers, and Advisor should be proud to say that they took part in helping to build the strongest "Student Organization" on campus.

The SGA consisted of a variety of Committees each having separate jobs. The Executive Board consists of Robert Matthews - Vice President, Maxine Massenburg - Treasurer, Delphine Alston - Secretary, Carol Stevens - Entertainment Chairman, Becky Fisher - Disciplinary Chairman, Jim McNeil - Student Center Cafeteria Chairman, Joy Woodruff - Elections Chairman, Teresa Vogt - Publicity Chairman, Robert Campen - Film Chairman, Dean Pat Morgan - Faculty Advisor and myself, serving as President.

Upcoming SGA Elections

The elections for 1981-82 SGA officers will be coming up this April, and students should be thinking about running for these offices.

To run for an office, a student must have a 2.5 average, including the mid-term grades for the semester the election takes place. The student also needs to be a freshman, a full-time student and be free from disciplinary sanctions. (*Official Warnings Don't Count*).

Dean Pat Morgan says that the SGA posts involve a lot of hard work, but that they are very prestigious. "The fact that you were an SGA Officer stays on

you, record and looks good for years to come. You go to Trustee Meetings, and all other important meetings at the college. When the governor and state Attorney General came to the college this year, Kim Hughes got to meet them." Dean Morgan went on to say that an SGA Officer is a public figure here at the school.

All in all, so far this year, the SGA has done very well. There was a great talent show in the fall, as well as some good dances. Almost all the dorms have put on money-making campaigns. Dean Morgan expects to have another great year next year.

What There Is To Do At Kerr Lake...

By Derek Wilkins

One concern of many Louisburg students is what there is to do on the weekends if they happen to stay here at school. This article is dedicated to one particular spot that is not too far away, if you happen to have a car.

Kerr Lake is a popular spot for many residents of the Henderson area, but it is also a favorite for people as far away as Raleigh, Durham, and even Fayetteville. Construction on the John H. Kerr Dam began in the late 50's and was completed at the beginning of the 60's. The lake has a shoreline of some 800 miles or so.

To get to Kerr Lake from Louisburg is not all that hard and should not take over forty minutes to drive. You first get on North Main Street in Louisburg and go to N.C. #39 and proceed North until you get to Henderson. You should go through these towns before you get to Henderson. First you should go through Ingleside, which is just five miles from Louisburg, then you will go through a small community called "Epsom" and then another community called "Middleburg." Stay on N.C. 39 and you should arrive at Henderson.

Upon arriving at Henderson, stay on N.C. 39 and continue until you come to the entrance ramp for Interstate 85 North, get on 85 North and continue until you see the exit for Satterwhite Point Road, where you will exit and turn left at the stop sign. Stay on this road and you should drive right into the Satterwhite Point part of Kerr Lake.

There are many other places that you could enjoy at the lake such as Nutbush, where while you are on the road to Satterwhite you could have turned left at the first Shell Station that is on the left side of the road. Or if you had stayed on N.C. 39, instead of entering I-85, you could have stayed straight and gone to Henderson Point or Hibernia, where there is better swimming and beaches, because these places are not visited as much as the other places.

Also there is a place called Meekins Marina that you can get to by staying on I-85 and continuing on to the Norlina exit and turning right after exiting the
