whistle (*hwis'l*), *verb.* 1. to make a clear, shrill sound as by forcing breath through the contracted lips. 2. SEE LOUISBURG COLLEGE.

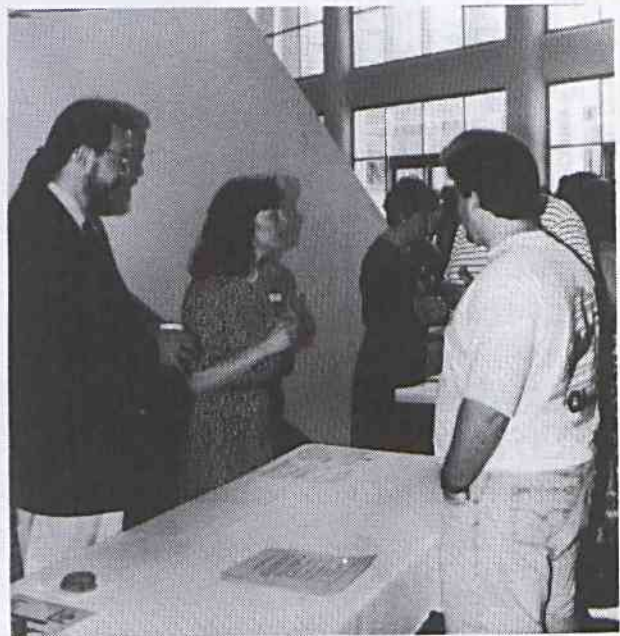

They're bringing music, jugs of water, and dreams of appearing on late night TV. Rest assured, there will be something to do this weekend.

It's the 22nd annual gathering of The National Whistlers Convention, a day in tribute to those who are the best at making that clear, shrill sound. There are events planned all day Saturday, April 22, including a competition for amateurs and children, with the National Championships being held in the afternoon. Anyone wishing for more information should contact Allen DeHart.

Come on across the street on Saturday and get a good seat for this tournament of tweeting!

Would you have preferred super bowl of shrill?

Search continues for new dean

by Mary Mehalko

Haven't been to a coffeehouse lately? Maybe it is because we haven't had anyone to schedule a group.

As you probably noticed when passing through the Student Affairs office they are short one Dean. This could be good for some of Louisburg College's students if it was the Dean of Students, but it is not.

Assistant Dean for Student Life Dawn Keller left Louisburg in February. A search committee is currently looking for a qualified person to fill Dean Keller's position. A Master's degree in Education and at least

three years experience are required of anyone who will be hired. Recently, the committee sifted through 32 applicants, but only four have been chosen for further consideration. The committee has reopened the search.

The job is very important for our student body. The Assistant Dean for Student Life is in charge of the Student Government Association, entertainment for the coffee houses and other student life concerns. Currently Dean of Students Michael Krause is serving the function of the Assistant Dean while also maintaining his duties as Dean.

The search committee hopes to have the Assistant Dean position filled by the beginning of the summer school in late June.
