Stop Complaining... Act!

LILLIE LOVE
Staff Writer

One of our favorite complaints is "Why don't they ever bring Black entertainers here?" We sit in the Union day in and day out discussing why the Commodores or Teddy Pendergrass is not performing on the Hill.

We complain and complain, but we never walk upstairs and volunteer for one of the committees that decide what entertainers to book. We want "them" to be able to read our minds, but "they" can't.

We have to let them know what entertainers we want here. We have to work to get these entertainers here. But none of this can be accomplished be sitting behinds and complaining.

Volunteer now. It's simple and it's painless. Just go upstairs to Suite A and ask the receptionist where you can sign up for the various Union committees.

There are better things to do in the Union than complaining. How 'bout it?

Free and Black and me

Free and Black and me . .

Others dance in the sun;
They beckon me to enjoy.
They express their every desire;
"Come join us", they employ.
But I fear the laughter
Like them I cannot be.
So, I back into the shadows
Where I can be free and Black
And me.
I long to be able;
To share my deepest dream,
I long to stand proudly;
In the light, where I can
Be seen.
Then something inside me speaks,
I return to reality,
And I back into the shadows
Where I can free and Black
And me.

There is hope.....you

reflections from the sunshine light
into YOUR eyes
to make YOU aware that what lies
beyond is bright
you may say:
"I don't understand"
alas, do not fear
the warming sun on Your smooth
dark face
reminds YOU
beyond this glow
there is hope... that
beyond this illumination
there is more
existing as the eternal
YOU
