### University Donors

Often gifts are sent directly to UNCW for a specific purpose or department. These gifts can be for research, scholarship, equipment, administrative support or capital improvements. These funds are credited to the appropriate area in accordance with donor requests.

### Foundation Donors

These private funds are controlled by the Foundation Board of Directors and are used to support faculty chairs, scholarships, academic support, recognition banquets and some university publications.

Unlike the endowment, foundation funds can be spent totally in support of a donor's desires. The directors have the option of investing gifts received or spending the full amount. The foundation traditionally provides leadership in fund raising projects.
