

Officials In Review

Our first official for the year is Lorene Sams, a very popular student from Belmont, whom you will meet many times on the campus this year in various activities.

Lorene, an attractive nineteen year old Sophomore, graduated with honors from Belmont High School in 1947 before entering Gardner-Webb College where she has made an enviable record.

An active student on the campus, she is second vice president of the B. S. U., pianist for the Christian Volunteer Band, member of the W. A. A., and Choir, besides being one of the few chosen for the highly honored Marshal Club.

Her favorite pastime, but don't ask us why, is working in a drug-store. She also takes an active part in sports, especially basketball, which is her favorite.

Lorene is undecided as to where she will enter school next fall, but has definitely decided on Religious Education as her major.

Fallston's gift to Gardner-Webb, Lou Jean Dedmon (Lou to her classmates) with her pleasing personality has become one of the most likeable students on the campus.

Lou graduated with the Class of '47 at Fallston High School before entering Gardner-Webb where she fast became active in campus activities. She is this year vice president of the Student Government, president of the Home Economics Club, and a member of the Marshal Club.

Much of her free time is spent sewing, which is her favorite pastime with basketball running a close second. She claims as her hobby, collecting pennies.

Lou plans to enter Woman's College at Greensboro next year to continue her study in Home Economics, providing a certain fellow on the campus approves. Joe will have to go to Guilford next year. It is only 12 miles from Greensboro, and we want to keep Lou happy.

Bill McKee: "I wish you boys wouldn't call me Big Bill."

Boys: "Why?"

Bill McKee: "These college names stink and I'm studying to be a doctor."

"WHIT" ROMPS FOR 30 AGAINST PEMBROKE

Solfeggio Plus Angel Food Cake Plus Miss Miller Equals Talent

Miss Miller comes to us from Owensboro, Kentucky, where she attended grammar and high school. After graduation from high school she entered the Cincinnati Conservatory of Music. She completed her course there, receiving for her time of study a Bachelor of Music degree and an academic diploma. Being a person who pushes forward to higher and greater things, she attended summer school in 1948. She received her Master of Music degree. Upon receiving this degree she was elected to membership in Pi Kappa Lambda National Honorary Music Fraternity. This means that we have a music teacher that is classed with the best in the music profession.

Miss Miller has been with us eleven years and has done much to improve the music of Gardner-Webb. She is constantly being invited to play for clubs and churches in nearby towns.

During her years of teaching, Miss Miller has trained many good musicians who are a credit to her and Gardner-Webb. Besides teaching piano, Miss Miller teaches three other music courses. Two of these are Harmony and Solfeggio, which are closely related. The other course is Music Appreciation in which the pupils are given a chance to learn to appreciate the higher type of music.

MISS ABBIE MILLER

Miss Miller has a hobby, the product of which most people would be interested in. This hobby is the baking of angel food cake.

Gardner-Webb has been fortunate in having Miss Miller, and everyone hopes that she will remain with us in the years to come.
