for our first class on Moonday. Saturday was a free day — or you might say — a day to catch your breath after a week of excitement and many activities. On Saturday night the Boiling Springs Baptist Church sponsored a social in our honor. We all had fun meet-ing the pastor and members, and refreshments were served in the edu-cational plant of the Church. One of the first and most im-

We are looking forward to a great year logether.

To you Freshmen, in particular, and also the Sophomores, you may be proud that you have chosen Gardner-Webb as your college. Dur-ing this, the fourty-sixth year of growth and progress, we challenge you to put forth every effort at work and at play to make this col-lege the greatest in the United States. As Dr. Elliott has often said, "Gardner-Webb may have the said, "Gardner-Webb may have the name of Juniot tagged on to it, but it is not Junior to any college of its size anywhere in the United States." Certahly, you should be proud of your school, which has been made, in the tradition of everything, great in our United States by the desire to work, the desire to pro-gress, and the desire to do the will of God by those great men in the history of our school.
