

The Dust Pan

A lot of dust has collected since we last saw all you pretty people, so we'll try to eliminate the top layer.

In case you've heard rumors about Sara K. and Bob B., they aren't rumors, they're facts!! Congratulations, Bob, she'll make a wonderful wife.

There's no need for me to say the freshmen are here in full force, everyone has already found them, huh, fellows? Paul E. seems to have found Evaluen W. mighty interesting.

David McHamm, a certain freshman in Central seems to think you are something pretty special, well, come to think of it, I guess you are.

Summer and distance don't seem to have had any effect on Joann R. and Bill W., Mildred L. and Don B., and Juanel and Bill C.

Elizabeth S., why do you keep saying "no"? Couldn't be a reason back home could there? Or could there?

We hear that Ken has improved in this Romeo Role since last year. Is that right, Betty Gray?

Ernie and Jean still have their ups and downs, but just remember—every path has its puddles.

Cupid certainly must have hit Wallace Mullis hard. Anyway, he seems to be doing okay with Shirley B. Good going Wally.

What's that? You thought we were about to miss a couple? No, not your faithful snooper! In fact, we were just coming to that scoop. Wayne, being the busy person that you are, we're glad to find that you manage to find time for your "date" life. The latest? of course, Merry Hardison. How about you, Charles Ledford?

The Student Center is "Snooper Paradise" around G. W. It wouldn't be complete without seeing Joyce Hyde and Janie T., Dot B. and Joe L. and Joyce M. and James G., Joyce Hamrick and Mark S., Valeria B. and Bob W. If we missed any in this list, keep reading for we'll get them later. Remember, this is a "dirty" column and we print anything we can "dig up." So you'd better wash "yo'self" clean, or you just might get yourself "plowed under."

Just a tip, Bobby. We hear Gwyn has several other admirers, so don't let the fact that this is leap year find you waiting around "in the lurch" watching Gwyn go by with some other guy.

Well, Latitia, we envy you, because Harvey certainly does have the looks.

By the way, Floy and Charles have been hiding out on us. However, we're glad to see a new romance budding.

Joyce Hines used to be prompt on her dates with Phil, but now the girl in the office says, "she'll be right down. Care for a game of checkers?"

Has anyone noticed that downcast look that Katherine Hazeltine has been wearing? It couldn't be because "that certain He" had to go join his Uncle, could it, Katy? Why is Uncle Sam so cruel to us college gals.

It looks like Don Elliott has it made with Jo Wright, what about that Glenn H.?

Why doesn't Tump Moore ask that little girl for a date? She likes those football players.

Wonder when Allen K. is going to give the girls a break.

The girls seemed to have liked James Garrison's "cat pants"; you know—the purple ones.

Fruit Rogers, the "Romeo," really gives the girls a thrill, that is, the Freshmen.

Blair Little seems to be hustling to the girls dorm as well as the football field, well, we think Susie O. is mighty cute, too.

It sure seemed good to see Christine Hyde, Glenn Pettyjohn, and Joe Cole around here last week-end, didn't it Ernie Beheer, Billie Sue R., and Peggy S.?

Jimmy Moore, say you like that southern drawl — Southport style, especially from Pat A.

We would like to take a course in Freshman-Boy-Dooey — using Roger Kenore, George Kriminger, Ben Kanipe, Mushy-Rushy, John Isminger, George Grogan and Kelton Hismaw as subjects.

In case you see a biology-shark running around with his head in a microscope you can count on this, it "ain't" Ernie Byerly.

"It" has happened! Bob "Smokesy" Myers, and Tommy Beard have finally given the girls a break — or at least given Martha Ganti and Anne Carter breaks — or is it the other way around?

Bill Fitz seems to like girls named Ann, there's Ann B. and Ann S., which will it be? Tune in next month for the next exciting episode. The Vacuum Cleaners

New-Old Homes

As everyone knows, the large overflow of students on the campus this year necessitated the opening of two of the oldest and most historical buildings of this college. Higgins - Curtis and the Music Building. All students living in these buildings are proud of their "new" home.

The Higgins - Curtis dormitory, more often referred to as "The Mansion," served in its earlier years as the dormitory for both boys and girls, the cafeteria, classrooms, and probably other things as well. Now, however, it only serves twenty girls, several members of the faculty, and houses the Physical Education Department. The six sophomores and fourteen freshmen occupying "The Mansion" find life quiet, but exciting in their new-found home!

The Music Building, now called "The Monastery," provides housing for several boys and as I understand it, all are ministerial students, except one; hence, the fitting name they have chosen. They, too, find life pleasant, living in their home with all the piano.
