U. S. POSTAGE PERMIT NO. 2

Community Theatre To Stage "Measure For Measure" On February 26th and 27th

WHAT? Shakespeare's "Measure For Measure."

WHERE? The Hamrick Auditorium.

WHY? To dress the Band.

A combined group of college students and community residents under the direction of Mr. J. Y. Hamrick will present "Measure For Measure," one of William Shakespeare's lesser known plays, in the auditorium of the Hamrick Building at eight o'clock on the evenings of February 26 and 27.

The play is a comedy, but might actually be termed a tragic-comedy. It is highly entertaining, and is much more adaptable to production by an amateur group than any other of Shakespeare's plays. The play does have a suggested moral, and the climax hinges on whether Isabella, played by Betty Wise, will surrender her virtue to a corrupt deputy in order to save her brother's life. Some of Shakespeare's most profound philosophy may be found in this work.

The four main roles belong to Miss Wise, as Isabella; Mr. Ray Wesson of Bowling Springs, as Angelo, the corrupt deputy; Mr. J. Y. Hamrick, as Vincentio, the disguised Duke; and David Austin, as Claudio, the brother of Isabella. Mr. Felix Hamrick was originally scheduled in this part but is ill and will not be able to appear.

The Plot:

The scene is laid in Italy in the Duke's palace. The Duke tells everyone that he is going to Poland, and

leaves his deputy, Angelo, in charge to see how well he fares in command of the Duke's property. He does not leave the country but goes to a friar who is a friend of his, and dresses himself as a friar. Then back he goes to the palace to spy on Angelo. Meanwhile, Claudio, Isabella's brother, is convicted of adultery, and sentenced to death. Isabella, when she learns of Claudio's sentence, rushes to Angelo and pleads with him to free Claudio. Angelo, a strict man, agrees to do this only in return for Isabella's love, but she won't agree. The Duke, still in disguise as a friar, tells Isabella that he has a plan and that if Angelo asks to be allowed to come to her rooms some night she must give him permission. The Duke knows that Angelo was to have married a girl once, but backed out when her dowry was lost. He finds the very same girl and sneaks her into Isabella's rooms when Angelo comes to call. Angelo thinks that she is Isabella, and Claudio is freed. Isabella retains her virtue and there is a general happy ending.

Delta Psi Omega

The Delta Psi Omega Dramatic Fraternity met February 5 for a most enjoyable meeting at the home of the faculty sponsor, Mr. J. Y. Hamrick. The purpose of the meeting was to initiate into the club those students who had successfully completed notable work in dramatics since coming to Gardner-Webb. Those initiated were Pete Banus, Betty Wise, Douglas Fitzpatrick, Mary Cantt, Andy Saris, Harvey Cannon and Steve Morrisett.

The officers of the club are:
President — Charles Rich
V. President — Cathy Prince
Secretary — Jean McSwain
Business Manager — Bob Morrow
Other members of the club are Joyce Hamrick, Catherine Warlick and Don Bynum.

Will You Help?

Franklin Roosevelt once said, "The future of our country depends upon our youth of today." The world today is made of our youth of yesterday. The world tomorrow will be made of our youth of today, and so it may be proper to say that the entire future of our world hinges upon our youth. Statistics bears out the fact that a youth who is given the best educational and recreational facilities while in school will in return bear the best of fruit for his community. You as a citizen are urged to support (through your attendance of "Measure For Measure") Your children of Your community. With Your money and Your efforts attempt to provide the best for your youth. Above you see the uniforms of the present and those which the people of this community are attempting to buy. Will you help? "Measure For Measure" is a delightful comedy by William Shakespeare which all of you will enjoy. Contributing to the Band Uniform Drive is also a part which you will enjoy. It is your community. What will your part be? Come and see "Measure For Measure!"
