

Meet The Registrar

By RAY ROLLINS

"It's more than just a job; it's a joy to work with people in something so worthwhile," are the sentiments of Mrs. Dorothy Hamrick, busy college Registrar, in reference to her duties at Gardner-Webb.

In her ten years of filling this key spot in the Gardner-Webb ad-

ministration, Mrs. Hamrick, a former Gardner-Webb student herself, has seen some 3,749 students come and go.

Mrs. Hamrick first came to Gardner-Webb from No. Three High School where she had taught for several years after having received her A. B. degree from Meredith College.

Her present duties as Registrar include the handling of: correspondence, applications transcripts, records of achievements, registration procedures, scheduling, reports of various kinds, grades, and many other things too numerous to mention which she does jointly with others in the administration.

There's little question of whether or not Mrs. Hamrick's is a full time job requiring the ultimate in ability, experience, and efficiency. Besides the many other duties, she takes a personal interest in each student, counsels many of them, and is surprisingly familiar with the standing of each.

When the students leave, each departure is viewed with mixed emotion—sadness in seeing them go after the pleasant experiences,

HI! It's the campus 'flunkie' with more news, views, situations and happenings around the campus that may (or may not) be of interest to you. Here's to you anyway.

First of all is the invariable mention of the happenings just outside this Second West window. Just after the recent rains, a trailer truck with a heavy load of bricks heaved down in the mud near the pool. After the truck had strained and spun in vain, a 'dozer' came to its aid and tugged away for several minutes. Carroll Moore, who had been observing from a distance, ventured that "If that Bulldozer can't pull him out, he's stuck!"

With deep regret we witness the evident passing of a regular contributor to the school paper—Nesmo. His bit of humor and poyness failed to be slid under the editor's door this month, and there has been some speculation that he either flunked out of college or that Pat Justice and Judy Huxley scared him off. Perhaps the heat will let up by next issue and Nesmo can be with us again.

Deserving special mention are Willard and Mary Ann Upchurch—recent newlyweds—who now reside in Shelby. Both are continuing their education.

Miss Margaret Gold has another feather in her cap by recently gaining a scholarship to Western Carolina. Her outstanding record of achievements at Gardner-Webb attests to the fact that this scholarship could come to no one more deserving than she.

Anyone for checkers? The fad is spreading fast in the student center most afternoons. If you can't play, you'll enjoy it anyway. Any bystander can see the players' mistakes.

It has been reported that Sonny Higgins sat in the barber shop for three hours one day recently, awaiting his turn in line to get a haircut. When his turn came, Sonny shook his head sadly and walked slowly out of the barber shop. Both the long hair and the play "Sun Up" are still progressing nicely. So long for now. See ya 'Around Campus'.

A Pansy

A pansy for Patti,
 For Patti my love,
 I picked a blue pansy
 For Patti my love.

I searched all night
 'Till the dawning of day,
 To find her a pansy,
 And then go my way.

Over that mountain
 I will now ride,

And crossing that brook
 'Till I'm by her side.
 Over that mountain
 And through the deep vale,
 I'd ride as a Roman
 To smell my love well.
 She smelled of the flower,
 Our arms were entwined,
 The flower she did not see,
 For Patti is blind.
 —Dillard Hiatt

It's a puzzlement:

When you're old enough to go to college,
 you're old enough to go out with girls. When
 you're old enough to go out with girls, who needs
 college? Oh well, there's always Colee.
