

Latest Rites Held For Bob Cat

By Ann Holden

The funeral services were held Thursday night before Gardner-Webb's Homecoming. Bob Cat was buried after an impressive funeral march and interment.

The funeral was preached by the Reverend Dorsey Hogart. All the G. W. students gathered to pay their last respects to the former Bob Cat of Lees McRae.

Mr. Cat was taken to the ball field Saturday night where G. W. students gathered to pay their last respects. After he was brought onto the field for the same honor was accorded him by letting one of his ancestors be chased by our G. W. balling.

G. W. fulfilled all the promises made to Mr. Bob Cat by defeating the Lees McRae team.

Most of his students feel that Mr. Stacey has something to contribute to their education in addition to a knowledge of biology.

The Pilot staff salutes you, Mr. Stacey, as our "Top Prof" of the month.

TOP PROF

By Beverly Turner

One of the most distinctive personalities on the Gardner-Webb faculty is Mr. Paul John Stacey, professor of natural science. Having been born on September 5, 1910, at Belwood, N. C., Mr. Stacey graduated from Fallston High School. From there he went to Duke University where he received his Bachelor of Arts degree and then did graduate study. He is now working for his M.S. degree at the University of North Carolina. Before coming to Gardner-Webb in 1941, Mr. Stacey worked for the United States Department of Agriculture.

Mr. Stacey married Goodie King from Shelby.

Mr. Stacey believes that all men came to earth the same way and all will return the same way. No one brought anything to earth, and no one will take anything away. Therefore, we all are brothers, whether we like it or not. "Hard work and industry is worth as much as intelligence because it develops the whole person. Righteousness will eventually prevail. Education without religion is a dangerous thing."

Mr. Stacey believes also that the perfect student is the one who practices work and industry. His hobby is the weather.

Such expressions as "Hallowed be Thy Name," "Honesty, sincerity, effort, and industry," "That's as close to heaven as you can get inside a microscope," and "A-I-I-S-O" are heard frequently in his classes.

Mr. Stacey wants to be remembered for his many contributions to the school.

NOVEMBER TOP SOPHS

By Paula Winstead

Congratulations to the November Top Sophs, Doris Walters and Gerald Freeman. A chat with them as they stand admiring our campus scenery revealed some interesting things.

Doris is a native North Carolinian, having been born near Monroe. After graduation from Benton Heights High School in Monroe, she worked in order to be able to come to college. Gardner-Webb was her only choice since it was a Baptist school for seven months with a missionary, going to orphanages. These months gave Gerald the impetus he needed to return to college because "it made me appreciate an education." Gerald chose Gardner-Webb because it gave him the answer to what he had seen in Formosa.

Jokingly, Mr. Top Soph said his wish for the future is "to die of old age." Then he became serious and discusses his hope to work with young people in a religious field. This summer Gerald received some training in this field while he was Recreational Director at the Tuckasee Baptist Church in Mt. Holly.

Gerald's favorite color is English Literature taught by Miss Copeland "because it's different and presents new ideas."

"Love Is a Many-Splendored Thing" is Gerald's favorite movie; his favorite book is Audie Murphy's "To Hell and Back." Pizza pie gets his vote as a special source of nourishment. The song he enjoys most is "Little Things Mean a Lot."

"To me Billy Graham is the greatest man alive today because he has what the world needs, and I think he's got what it takes to determine the future of the world." Gerald's statement certainly reflects the feelings of many people for Mr. Graham.

Gerald is quite active at Gardner-Webb this year. He is the President of the Sophomore Class, trainer for the Gardner-Webb Bulldogs, and a member of the Monogram Club. He was chosen All-State in 1957 for his participation on the football squad.

Then in 1961 and in 1957 Gerald made All-State in Baseball.

If any girl would like to qualify for a date with Gerald, she must enjoy fishing and be able to row a boat as Gerald likes to fish, too. She must be mature, trustworthy, and sincere. Her reward for these traits is to snare a ride in The Little Bug!

Gerald's famous '53 Nash Rambler—Gerald's famous '53 Nash Rambler!

In closing Gerald repeated his personal motto, from Shakespeare, "To thine own self be true."

Best wishes from the Pilot staff go to two fine people.

Mr. Top Soph has spent all but four years of his life in and around Shelby. After being a student here in 1961, Gerald joined the Navy where he really lived that old adage of "Join the Navy, See the World."

His cruises took him to Panama, Cuba, Spain, Chile, Formosa, and Korea. While in Formosa, he traveled.
