## New Dormitory Facilities Get Go Ahead

North Carolina Baptist have officially charged the name of Gardner-Webb Junior College to Gardner-Webb Colleges as the new four-year institution enters its historic advance. The action was taken at the North Carolina Baptist Convention along with approval to borrow \$400,000 to construct dormitory facilities.

The trustees voted to ask for the power to borrow the \$400,000. The money will be used to construct new dormitory facilities. Presently the school has more than 200 students who

are living off campus unable to find campus housing.

Dr. E. Eugene Poston said the need for dormitory space is critical. He cited the many students living off campus and possible increased enrollment as reasons for the need of more campus housing.

"We are very pleased with the approval of our request for the authority to borrow this money," said Dr. Poston. "These new facilities will be part of our new campaign to raise funds for some badly-

needed facilities at our school."

In making the request to borrow the money the trustees told the convention that the college intended to build within the ability "to pay off the loan without reducing the efficiency of the educational program." The repayment of the loan will be made from the rent on the rooms in the residence halls.

No formal plans have been approved as to the type of construction or when such construction will begin.

New officers elected by the Gardner-Webb Board of Trustees are (from left to right) Mrs. Ruth Stroup, Shelby, secretary; Mr. Lloyd Bost, Shelby, chairman; and Mr. H. Max Craig, Stanley, vice chairman.
