and never see the inside
of a frog."
Paul "Doc" Stacy

GARDNER-WEBB

TUESDAY JANUARY 27, 1970

BOILING SPRINGS, NORTH CAROLINA

School Gets Own T.V. Show

A thirty-minute television program over a local television channel has been inaugurated by Gardner-Webb College. The program is shown over Cablevision's Channel 19 at 8 a.m. each Sunday.

Charles Freeman, the college minister, said the programs will consist of a variety of productions. Included will be ministerial studies with devotions, student folk music, interviews with Christian athletes, coaches and summer mission workers as well as presentations by professors and administrators.

Rev. Freeman said the program has several purposes especially to reach the unchurched and the sick and shut-in as well as give Gardner-Webb students experience and discipline of performing before television cameras.

Actually, the idea for the program came from a freshman ministerial student, Roger West of Shelby. He set up a meeting between Rev. Freeman and the station manager, Robert Pope to plan such a program. From this meeting came the format for "The Gardner-Webb College Presents a Devotion."

Chapel Is Looking Up

by Bill Neely

Chapel is looking up. Just released from the office of Rev. Freeman, college minister, are those coming chapel programs for second semester:

On January 27, a comedian named Gene Tracey will entertain. Then the next week, the Joyful Noise will have an hour of performance for the students. Next, the students who took Christmas to Hyden, Kentucky will tell of their experiences. Dr. George Schweitzer,

a noted chemist from the University of Knoxville, will speak at a chapel in February. The speaker the following week will be Mr. Tom Brady, Jr. of Central Piedmont College in Charlotte. The Fellowship of Christian Athletes plan to have a nationally known athlete on campus to speak in a future program. And finally, an hour of music will be presented by the college choir one Tuesday.

Members of the committee from the Board of Higher Education meet with school officials.

G.W. Passes Its First Test

by Donna Turner

Upon the recommendation of a committee of the Board of Higher Education, which visited Gardner-Webb's campus last fall, the status of senior consage was approved (C.W.). This status authorizes the school to offer the baccalaureate degree. The authority to grant the degrees would take effect in the fall of 1971 when the first senior class graduates.

Dr. Poston said the state committee did an extensive survey of the school's facilities and held interviews with four student leaders. The committee commended the school for its work toward educational excellence. The committee did express concern about areas that could cause problems in receiving accreditation from the Southern Association of Schools and Colleges. These problems

include (1) extremely heavy teaching loads for some faculty members; (2) the large number of major fields offered, particularly in the area of religion; and (3) the number of faculty members who hold only their bachelor's degree. The committee also felt that the school may have to modify some regulations as to giving credit for chapel.

Dr. Poston stated, "We're ahead of the game and we believe we'll make it. We must triple the size of the library and double our holdings." Plans are being made for a new library, and the holdings of the library are increasing about 10,000 to 20,000 per year. Thirty per cent of the faculty need to hold Ph. Ds. "We just lack one or two having that now, and seven of our own faculty

members are working toward their doctor's degree."

Boychor To Perform

by Carolyn Thomas

The Columbus Boychor, of Princeton, N.J. will appear at Boiling Springs under the sponsorship of the Gardner-Webb College as part of the school's Distinguished Artist Series.

The group will be at the Boiling Springs Baptist Church, Sunday afternoon, February 1, at 3 o'clock. Tickets will not be sold at the door. They can be purchased at the school's business office and the music department prices are \$2.50 for adults and \$1.50 for students. Students and staff of the college will be admitted with proper identification.

This choir consists of 26 male voices selected from the student body of the Columbus Boychor School. This school goes through the ninth grade and the best of the student body is chosen for the nation-wide tours.

Regular academic instruction is given the students, but included is three hours per day in musical rehearsal. Provisions are also made for individual lessons.

The choir travels with its own bus equipped as a schoolroom. It has a five octave piano, a kitchenette, desks for students and a public address system so classes can be conducted while the bus is traveling.

Morris Gives G.W. \$5,000

A South Carolina real estate man, M.A. (Brick) Morris, of Inman, has given Gardner-Webb College a gift of \$5,000 to be placed in endowment with the interest to be used for financial aid for deserving students.

The scholarship fund will be named, "The Mr. and Mrs. M. A. (Brick) Morris Endowed Scholarship."

Dr. E. Eugene Poston, president

of Gardner-Webb, said the proceeds of the fund will be given to "students of good character who are in financial need." He added that South Carolina students will be considered first. If there is no deserving student in need from South Carolina then the school's scholarship committee will make the award.

Gardner-Webb has more than 3000 South Carolina students in its present student body.

The Boy choir will be appearing at Boiling Springs Baptist Church.

"An Evening At The Opera"

The Music Department of Gardner-Webb will present "An Evening at the Opera" on Thursday evening, February 19, at 8:00 in the Opera House Theatre.

Dr. Cribb, Chairman of the Music Department, said that the program has been designed for enjoyment by students of the college, not just those of the Music Department. He added that it could even be said to be a program for students who think that they do not like opera. The entire production will be sung in English; and the highlight of the program will be the short comic opera THE TELEPHONE, by Menotti. The story of this American opera portrays the frustrations of a young suitor in his attempts to propose to his girl friend and the constant interruptions by the telephone. Susan Wilson will sing the role of the telephone addict, and Tom Latimore will perform the role of her exasperated suitor.

Juanita is replacing Carolyn Long.

H.A.P.Y. President

by Donna Turner

Juanita Carpenter, a junior business major from Connelly Springs, North Carolina, has assumed the duties of president in H.A.P.Y. dorm.

Juanita was nominated by the W.A.B. to fill the post when the former H.A.P.Y. president, Carolyn Long, transferred to Campbell College. In the election held on January fifteenth, Juanita, who was the only candidate, was voted on by the residents of the dorm.

Food Committee To Handle Gripes

Newest on the committee scene on the Gardner-Webb Campus is the recently organized Food Committee. The committee is comprised of representatives from each dorm, off-campus housing, day students (presently being selected), the faculty and the administration. Dorm representatives are Jerry Simpson of Myers (committee chairman), Claudia Louser of Stroup (secretary), Joe Eoye of Lutz-Velton, John Whitten of off-campus, Stephanie Angelo of Hazy, David Cass of Decker, Mike Cherry of Myers. Jeff Crawford of Mauney, Nancy Simpson of Nannay and Troy Harmon of Myers Annex. Representing the Slater Campus is Mr. Reid. Faculty representative is Mrs. Carpenter. Mr. Poston and Miss Kiser are administration representatives.

An important function of the committee is to serve as a sounding board for the student body on matters pertaining to food and cafeteria services. By working together with students, faculty and administration, the Slater Campus hopes to provide the best possible service as well as opening an avenue through which suggestions and complaints can be made known.

by Jeff Crawford
Some business items discussed at the first meeting of the committee were cleanliness of eating utensils, food waste and use of the cafeteria by other groups for banquets, etc., during regular mealtimes. Monday, February 9th is the next time this will occur. Suggestions for menu, beverages, decorations and place for the student meal on that day were sought by Mr. Reid from the committee. Students are encouraged to make any suggestions they may have to their respective committee members. This information will be needed by January 28th.
