Positions Open For Editors

Two important positions are open to students for the 1972-1973 year—key positions that must be filled soon. These are the positions of publications editors—for the student newspaper, the PILOT, and the student annual, the ANCHOR. The positions carry with them scholarships of \$300.00 each.

Any student with an overall 2.0 GPA is eligible to apply. Able and qualified students are needed to fill these vacancies, enabling better student communication at Gardner-Webb.

Interested students should apply to Mr. Bill Boyd, Public Relations Director and advisor to the publications, in 112 CID. April 7 is the deadline for applications. Editors will be chosen by a committee.

ment in Kansas City last week. The men of Coach Eddie Holbrook finished fourth in a field of 32 district champion teams.

Despite two season final losses to number one seeded Eau Claire of Wisconsin, 83-68, and a consolation loss to number two seeded Stephen F. Austin of Texas, 94-91, the Bulldogs concluded with a 31-5 mark.

Three big wins at the nationals made the local fans excited. A 109-94 win over Eastern Montana in the opener and two close victories over Pittsburg State of Kansas, 91-87 and Western Washington State 81-75 gave the Bulldog cagers the opportunity of participating in five games.

All-American, George Adams, who displayed great tournament play, made the All-Tournament team and scored in the five games a total of 184 points, the second highest for the tourney. He made 44 of these points in the Saturday game in Kansas City. Adams also broke the charmed 3000 point total

of his career in the District 26 championships at High Point in defeating Lenoir Rhyne 77-76. He completed a very exciting four-year stay at Gardner-Webb pumping in 3191 points for the Bulldog team. This record will remain for many seasons in the Bulldog record book, quite a record to match.

Excellent play was displayed by junior Al Graves, from Cherryville. Graves played in the top five total point leaders in the NAIA tournament, while averaging 19.8 in five games. Graves will be back for another season with Holbrook's men.

Dennis Desanctis, Richard Thomas, Tony Spagnola, along with Adams have ended a very excellent career at Gardner-Webb. They will be greatly missed next season. The Bulldog coaching staff will have a major rebuilding job to do next season. Graves, Kirby Thurston, Billy Ellis, and other key returnees will aid in the Bulldogs play of 1973.

SGA News

The Student Senate met on Tuesday, March 14 for the regularly scheduled meeting. At that time a student emergency loan fund was proposed and passed.

The fund is established under the sponsorship of the SGA for the purpose of making small, short-term loans of an emergency nature to students of Gardner-Webb.

The source of the money is the sum of \$250 allocated by the Student Senate from Recreational Facilities Committee plus \$250.00 from SGA Executive Funds. Additional funds are to be added by Senate action based on the success of the loan program and available financial resources. The fund will be reviewed and evaluated by the Senate at the end of this semester.

Eligibility for the loan requires that the student be enrolled at Gardner-Webb and be in need of emergency financial assistance to meet a personal need. Need will be determined by the Financial Aid Officer of Gardner-Webb and the President of the Student Government Association. The SGA Treasurer must sign the loan request. Any student who does not in the judgment of these individuals have a legitimate need but who feels that his/her need is valid may appeal personally to the Student Senate which may overrule the above officials and approve the loan.

The terms for the loan stipulate that the maximum amount of any loan shall not exceed \$50.00. Loans must be repaid within 90 days. Interest at the rate of 6% per year shall commence at the due date, provided a request for an extension is made and granted. A service charge of \$2.00 shall be made on all loans, such charge to be added to the loan fund.

The loan fund will be administered by the Financial Aid Officer of Gardner-Webb who shall consider all applications and handle all forms necessary for the administration of the loan fund. Loan requests must be approved by the SGA President and Treasurer with

their signatures on the application form.

The loan fund monies will be deposited in the Business Office in a separate account entitled, "Student Emergency Loan Fund." Appropriate records will be kept of all transactions and will be audited monthly by the appropriate college officials and the SGA Treasurer. Monthly reports will be made to the Student Senate in written form by the Financial Aid Office to be submitted through the Chairman of the Senate.

Since the student emergency loan fund went into effect \$200 has been used to assist eligible students.

The Senate also adopted changes concerning girls dormitory regulations. The old rule stated that those women who are on academic probation be in their dorms one hour earlier and the new rule reads that those women students who are on academic probation be in their dorms, not in the ladies, one hour earlier on Monday through Thursday nights.

Also a standing committee is to be appointed to investigate and make recommendations concerning student views of chapel policies to the Faculty Chapel Committee.

Finally a standing committee will be appointed to review all written rules and regulations of Gardner-Webb. They will make recommendations concerning Senate approval of all rules and regulations which have not been processed through the Student Senate. Also, the committee will compile listing of all official rules and regulations for distribution to the appropriate branches of Student Government and to the Student Body.

The Senate adopted new guidelines concerning the selection of cheerleaders and these will go into effect immediately. Also new guidelines are being proposed for the selection of the campus queens.
