SEA goes grunge in spring

by Thomas "So you don't like what I have to say, well stand in line." Zimmerman
a really nice guy

The Student Entertainment Association has planned the Spring Formal. This year, grunge is the theme, and flannel is the required dress.

The decoration committee has gone all out. They have decided to erect a replica of the Seattle sky needle as the centerpiece of the dance floor. The tables will be decked out with flannel table cloths, and red candles (inspired by Nirvana) will be the centerpieces.

Also, as a tribute to Ministry and industrial music, S and L Sounds will be showing video footage of really disgusting things, while spinning the best grunge and industrial music around.

If you haven't already, you will get your fill of Pearl Jam, Soundgarden, Alice In Chains, Candlebox, Stone Temple Pilots, and Mudhoney; stage-diving is encouraged.

Bring extra money for photographs because you don't want to miss a chance to preserve your Spring Formal night forever on film. You will have your choice of Eddy Vedder (of Pearl Jam) or Chirs Cornell (of Soundgarden – with your option of long or short hair) cutouts to pose with.

So, if you really want to get hot and sweaty at G-W University, the Spring Formal is the place to be. Remember, no flannel, no entry. Who cares if it's spring.

Plans for Hamrick renovations finally unveiled

by I. M. Nodayanky
staff libelist

In 1985, a fund drive was started to renovate Hamrick Hall.

Recently there was a large endowment donated by a Gardner-Webb alumnus.

There were a few conditions on the gift. First, there will be a name change to reflect the donor's name. The new name will be the Dan "Saw" Knight building.

He made his fortune in the logging business. He did most of his logging in the Miami forest, but when his resources were depleted he had to move on to other locations.

Secondly, there will be a restaurant chain constructed on the DCC side of the Hamrick building. There are three chains in the running, Red Lobster, Ruby Tuesdays, and Hooters. The restaurants will be making their bids and the decision will be made on May 2.

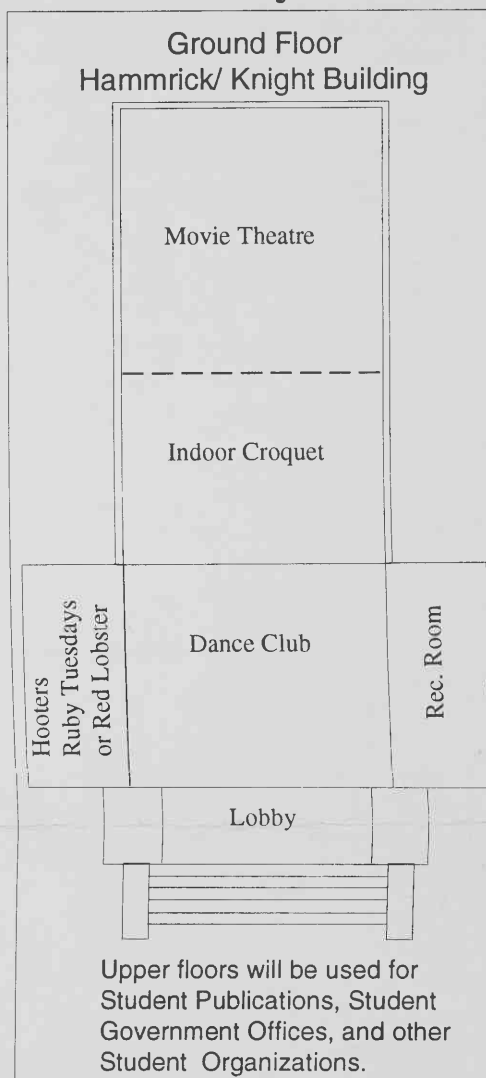

The third requirement is that there be a logging school started at GWU, and that it be named after his father. The official name will be the Indie Darkov Knight school of logging.

These students will begin practicing behind lake Hollifield, before its expansion of 40 acres which covers three quarters of the football field. Don't worry, GWU will still have a football team and a place to play.

For a meager fee, Crest will be allowing us to use their field.

The fourth and final condition is that there will be a dance club constructed in the auditorium. It will be named the Spider's Webb. It will be a hard rock club. Construction will begin in late April.

The Student Entertainment Association has arranged for Journey and Led Zepplin to open up for Menudo on opening night, to kick off of the threesome's "Come Back World Tour."

Upper floors will be used for Student Publications, Student Government Offices, and other Student Organizations.

Watch for the commercials on Webb-Net and MTV.

This generous gift has been highly praised and it even coincides with pre-existing goals of the Board of Trustees.

The school and the administration anxiously awaits its completion.

SGA finally releases Stealth Constitution

Here are a few legislative highlights of the new SGA Stealth Constitution:

- No one will be allowed to make fun of Pond Hollifield.
- There will be an electoral college chosen by the existing SGA officers to vote on the officers for the next year.
- All students will be required to attend all SEA events.
- All students who don't support this constitution, and the writers of it, will be required to wear a yellow arm band with an Anarchy symbol on it. These students will also be relocated to live in Bost gym.
- If an arm-band wearing student passes by the flag pole and does not salute the plaque honoring the donators of the flag, they will be locked in stocks behind the DCC and be hit with rubber hoses by the non-armband wearers.
- Only the constitution supporters will be allowed to park on campus; the writers will have a parking spot in front of every building.
- Any actions to impeach the SGA officials will cause the pursuant to be punished above and beyond the crime. They will be forced to dance 24 hours straight with the little girl in the Blind Melon Video.
- Anyone found plagiarizing will be brutally beaten and forced to do "grunt" work for *The Pilot*.
