

Wrestlers Lose To EC and ASC

The Knights wrestled East Carolina Tuesday night, Feb. 6 to a close 18-15 loss. The opposing squad was more experienced and smoother, but they found a rough opponent, willing and able. Although not victorious, the Knight turned in a fine, steady performance. **Dickie Knowles, Larry Varner and Lou Manning** won with pins in their divisions, while **Woody Woodard** took his match on points.

The Knights showed well in their first home match, and with a little more competitive experience should prove a difficult opponent for the rest of the teams on their schedule.

On Friday night, Feb. 9, the Knights met Appalachian State at Appalachian. Although the matmen lost 13-11, they again turned in an excellent performance. **Woody Woodard** pinned his opponent, while **Dickie Knowles** and **Charlie Yeargan** decisioned theirs.

Romulo's Speech

(con't. from page 2)

ination and freedom. Second, the professed goal for communism is world domination, which the U.S. must resist. His final point was that we are engaged in a life-and-death struggle with communism, since the U.S.S.R.'s plans for world domination necessarily include overthrowing the U.S. This we must also oppose.

The General next discussed the question of admitting Red China to the U.N., and expressed his complete opposition to their admittance. He stressed that to admit Red China would be to repudiate the U.N. charter which states that a nation must be peace loving, willing to undertake its just obligations under the charter, and be able to do so.

Next Gen. Romulo dealt with defeats and victories in American foreign policy in the past, and spoke of the importance of our maintaining our present policy of keeping a perimeter of defense in the Asian countries, not only for preservation of freedom there, but the rest of the world as well.

He closed his speech by giving insight into the mind of today's Asia—how they look at the U.S.; how they view the U.S.S.R.; and the vast revolutions the Asians are now undergoing. It was emphasized that it is important to keep the peoples of Asia friendly toward the West.

All in all I feel that his speech was informative as well as interesting. His logic was sound and his grasp of the overall Asian situation was impressive. All who heard him, I believe, were convinced of his ability as a speaker as well as of his love of democracy.

Wrestlers To Meet Pfeiffer Here Friday

By NORWOOD MADDRY

St. Andrews wrestlers play host to Pfeiffer College Friday afternoon at 4 o'clock in the Laurinburg High gymnasium. This will be the fourth match for the Knights and their second encounter with Pfeiffer.

The team suffered a 30-7 loss to the wrestlers from the Methodist school Jan. 16. St. Andrews winners were Joe Bishop, who pinned his opponent, and Dickie Knowles, who tied with his foe.

Although the team has not produced a winning season, the experience has proven profitable. Coach William Morgan says that the primary reason for starting a wrestling team the first year of school was to obtain experience.

The potential of the Knights is high, for the squad is young, many of the boys having two or more years of eligibility.

Team captain Dickie Knowles was 1958 Virginia State Champ in the 127 lbs. weight class. Sophomore Woody Woodard is team co-captain.

Other members of the squad

include Fleming Jones, fr., 130 lbs.

Charles Yeargan, soph., 157 lbs.

David Carriker, jr., 167 lbs.

Larry Varner, jr., 177 lbs.

Lou Mannings, jr., unlimited.

Jim Arneman, soph., manager.

"The wrestling schedule has been somewhat helter-skelter this first year," says Coach Morgan. "This has been due to practice being in conflict with volleyball or some other intramural sport."

The team is lacking in the lower weight class, which has made arrangement of matches difficult.

In March some of the Knights may attend the National Amateur Athletic Union matches in Raleigh, which will prove worthwhile to the whole team in experience gained at the meets.

Coach Morgan is in hopes that someone will hurry up and donate money for the gymnasium — the writer also hopes so!

Knights Defeat Georgia State

Friday night, Feb. 9 at the Laurinburg armory, the Knights put on their best show of the season and broke 100 for the first time this season as they defeated Georgia State 110 to 104.

The Knights led from the opening tap and dominated play completely until the end of the second half, when Georgia State rallied and brought the score to a tie in the last few minutes of play. At the closing buzzer it was 97 to 97.

The five minutes overtime was completely dominated by the Knights who proceeded to run away with the opposition altogether.

The Knights built up a good margin in the opening minutes and led all the way with their flashy guards dominating the backcourt and their front line covering both backboards. **Bill Clark, Joe Speaks, and Cecil Chewning** were outstanding in controlling the boards as they outfought the opposition at every turn.

Joe Buckner, leading team scorer, led all scoring as he poured in 33 points, hitting from all parts of the floor. He was followed in the scoring column by **George Britt** and **Chewning** with 19 and 18 points respectively.

Freshmen Feelings

By REBECCA CARTER

Freshmen are requesting a small sound-off in this issue, for an embarrassing situation has confronted the class and we feel that the student body should be aware of it.

On Monday, Feb. 5, a world famous ambassador boarded a plane in New York City at 7 a.m. Gen. Carlos Romulo arrived in Laurinburg at 4:30 p.m., after having traveled nine hours, to deliver an eye-opening message concerning the present world situation.

Every St. Andrews student and faculty member had been invited to attend the lecture. In an armory that has a capacity of 1,000, only 24 rows were filled. There was room for 300 more people.

Where were they?

Freshmen made up approximately two-thirds of the audience.

"I wish I had a thousand tongues and could be multiplied

10,000 times in order to go to every village and town in the United States to warn them of our situation in the world," Gen. Romulo said.

It must have been disappointing to this great man when he looked into the auditorium and saw it only half filled.

Three hundred citizens lost a chance to see a clear, unbiased picture of the United States from a man who is a reknowned author and who helped draw up the charter for the United Nations.

Many people who attended the lecture felt that the students of St. Andrews would have profited from knowing these facts. It is our hope that in future extra-curricular programs students will take advantage of the outstanding privileges granted to their college.

Let's fill up that armory next time!
