

FROM THE SIDELINES

with STEVE PITT

Since there has been so much success with the tennis courts at night, the P.E. Dept. has decided to light the rest of the courts. With this development, Coach Hackney has suggested the possibility of tennis meets at night next year. It would also enable the team to practice at night.

Speaking of sports at night, the coaching staff seems to be very pleased with the turn out for the baseball game with Carolina Wesleyan last Thursday night. Judging from the score and the way the team hit the ball it seems that we might have more night baseball games next year.

The golf team wound up with a better record for wins than any other team on campus. Their final record is 13 wins and only one loss. They lost to East Carolina, but they also won over E.C. earlier in the year.

Would like to remind everyone that only soft, smooth sole shoes are allowed on the tennis courts. Mr. Hackney has called our attention to the fact that some people insist on wearing street shoes on the courts.

Concerning the wearing of street shoes on the tennis courts, it seems to me that if we want more equipment in the P.E. area, then we should take care of what we have.

I am in the process of forming a sport staff to cover the different sports events here next year. These people will not only write for the Lance but will report to the Exchange, the Associated Press, U.P.I., and other area newspapers. If anyone is interested in aiding the athletics at SAPC but can not participate directly, here is your chance. This includes girls, too.

For those of you who did not attend, the cabinet lost three volleyball games to the faculty. Mr. Morgan, Mr. Pearce, Dr. Garrison, Mr. Gustafson, Coaches Hackney, Ollis, and Boyd and Miss Hamett represented the on-the-ball faculty.

Intramurals Termed Success

Under the direction of Coach Spencer Boyd the intramurals have been termed as a success. Tournaments in softball, volleyball, bowling, shuffleboard and archery were held this spring.

Led by Dick Knowles the Blue team won the softball playoff and took the overall team trophy. (They also won in basketball.) Dicky was also voted as the outstanding pitcher in intramural softball. Wayne Wooten and Bill Campbell led the hitting with averages of .610 and .530, respectively.

Concord Girls Run Away With Volleyball

The girls of Concord Dorm entered two teams in intramural volleyball and both teams tied for the championship. Kay Green led the Concord "B" team to victory in a playoff over Brenda Ransey and Concord "A" team.

In the shuffleboard tournament, Flea Croon won in the

boys singles and Sandra Wright won the girls singles. Jerry Dawson and Nancy Hargett teamed up to win the co-ed doubles.

Rannie Bowls 265

In bowling, the "No Names" won first place with big John Rannie leading the way with an average of 165. During the season John bowled a high of 265. Other members of the "No Names" are Bob Zeh (capt.), Connie Little, Von Settlemyre, and Roland Williamson. Roger Stephens of the "Lucky Strikes" had the high series with 574.

Mike Artman took first place in archery (boys) and Melinda "Charlie" Brown took first place in the girls division. John Ogle and Charlie won the co-ed team division.

"DON'T BE A LITTERBUG"

Most Valuable Players

Chosen as the most valuable players of their respective teams are, (left to right) Bill Goodale, golf; Bill Campbell, tennis; Joe Buckner, basketball; Dick Knowles, wrestling; and Doug Maxwell, baseball.

A Final Word

el agencies, and opportunities to participate in student exchange programs with colleges in the United States and abroad.

The withdrawal of some "big-name" colleges recently has caused some discussion. Their withdrawal may be attributed to the fact that NSA deals with controversial issues which are shunned by most large organizations, or to the constant turnover in student body officers. Lest one be led to think that NSA is losing membership, let me reveal that during the same period these schools withdrew, the following colleges are representative of those that affiliated —

- University of Minnesota
- San Francisco State
- University of Pennsylvania
- University of Oregon
- UCLA Graduate School

Several other Presbyterian schools in our area are members of NSA: Southwestern at Memphis, Agnes Scott College, Queens College, and Davidson College. These schools have comparable enrollment and goals, and in addition, enjoy the benefits of NSA.

Would our membership in NSA conflict with that in the North State Student Government Association of which we are now members? Atlantic Christian College and Pfeiffer College are members of both, and representatives of each school related that NSSGA kept

the small colleges "in touch" and aware of the other's problems but that was the extent of its services. NSSGA provides no student information service, no visits from state officers, no cultural speaker program, and no voice in state or national affairs. NSSGA is good for St. Andrews only in helping the student government obtain ideas at two annual conventions. In our first years it is important for St. Andrews to get to know schools of similar size with similar problems, but we must always push forward and reach further out. St. Andrews students must look beyond our own noses to the role we can play not only in state affairs but also in national and international affairs. We must cease to be concerned about the big "I" and look at the concerns and problems of students all over the country and around the world. Alone, St. Andrews students have a small voice — let it join with other student voices so that being strengthened, it can be heard!

Tennis Team Ends Season with 3-9 Record

The Knights of the net wound up with a 3-9 season while meeting some very strong teams. In their last outing the men beat Carolina Wesleyan 6-3. After a building season this year the team is looking forward to a strong season in '64. Everyone will be returning with the exception of senior Freddie Thomas. Co-captains Bill Campbell, voted most valuable, and Larry Varner will return along with several outstanding freshmen to insure St. Andrews' chances of winning the Dixie Conference Championship next year.

Carlson (con't from 1)

YMCA, Chamber of Commerce, and was president of the Kiwanis Club. He is now a director and the treasurer of Piedmont Associated Industries, Inc. Native of Hackensack, N. J. Carlson moved to Greensboro in 1917. He is an alumnus of Washington and Lee University. He and Mrs. Carlson have a son and a daughter.
