St. Andrews Presbyterian College

Laurinburg, N. C., Thursday, Oct. 5, 1967.

Vol. 7. No. 5.

## Barry Goldwater Speaks to Campus Monday Evening

Former U.S. Senator Barry Goldwater will speak at SA on Monday, October 9 at 8:00 p.m. The 1964 Republican Presidential candidate's appearance is the first program of the 1967-68 Concert-Lecture Series.

Mr. Goldwater will fly his Lear jet from Scottsdale, Arizona to Grannis Airport in Fayetteville and is expected to arrive there at 6:00 p.m. His evening lecture will be followed by an informal reception. Later that night, he will depart from the Fayetteville airport.

The subject of Mr. Goldwater's address has not been announced, college officials said. They stated that a general admission for the public would be available for \$1.50 per person and for 75 cents for students other than those enrolled at SA.

Mr. Goldwater is a World War II veteran who holds the rank of major general in the Air Force Reserve. In addition to his active career in the Senate, he is the author of 3 books. The "Conscience of a Conservative," is presently a C & C 400 text.

The lecture program will take place in the Harris Courts of the physical education building.

## Sewer-man, Ragpicker Deaf-Mute Add Color To Madwoman Play

The Highland Players will present Jean Giraudoux's THE MAD WOMAN OF CHAILLOT beginning October 11 and will run through October 14.

THE MAD WOMAN OF CHAILLOT is a mixture of poetic drama, satirical fantasy, and literary improvisation that commends itself to playgoers as a theatrical fable.

The Chaillet district of Paris is an area of many colorful characters, such as: The Sewer-Man, Joe Mitchell; The Ragpicker, Jeff Alheim; The Flower Girl, Carol Fetter; The Deaf-Mute, Beth Valentine; and Dr. Jadin, Jim Carpenter. These are the carefree common folk of the district.

Coming soon will be MADWOMAN production, with Mary Key starring as the Madwoman.

Former Senator Barry Goldwater to speak on campus Monday.

## National Teacher Examinations Set For Graduating Seniors

PRINCETON, NEW JERSEY. College seniors preparing to teach school may take the National Teacher Examinations on any of the three different test dates announced by the Educational Testing Service, a non-profit, educational organization which prepares and administers this testing program.

New dates for the testing of prospective teachers are: February 3, April 6, and July 6, 1968. The tests will be given at nearly 500 locations throughout the United States.

Results of the National Teacher Examinations are used by many large school districts as one of several factors in the selection of new teachers and by several states for certification or licensing of teachers. Some colleges also require all seniors preparing to teach to take these examinations. (St. Andrews DOES require this exam.)

On each full day of testing, prospective teachers may take the Common Examinations, which measure the professional preparation and general cultural background of teachers, and one of 13 Teaching Area Examinations which measure mastery of the subject they expect to teach.

Prospective teachers should contact the school systems in which they seek employment, or their colleges, for specific advice on which examinations to take and on which dates they should be taken.

A Bulletin of Information containing a list of test centers, and information about the examinations, as well as a registration form, may be ob-

## "Lord Of The Flies" Free Admission

C & C 101 is offering another free flick to SA students. "Lord of the Flies" will be shown in the LAA on Friday, October 6. The movie will be shown three different times: 12:00, 2:00 and at 4:00.

tained from college placement officers, school personnel departments, or directly from National Teacher Examinations, Box 911, Educational Testing Service, Princeton, New Jersey, 08540.

## National, World Champs Display Gym Techniques

A demonstration and workshops in gymnastics will be conducted by six outstanding gymnasts, representatives of the Nissen Corp., this weekend in the physical education building.

Included on the Nissen exhibition and consultation team are participants in the Olympic and Pan American games and national and world champions in their respective areas.

The team will demonstrate its skills at 7:30 p.m. Friday in the Harris Courts of the physical education building. Saturday morning and afternoon, they will conduct workshops for any interested teachers, coaches, and students. There will be a luncheon meeting Saturday for women in the surrounding area to discuss plans for future workshops during this school year.

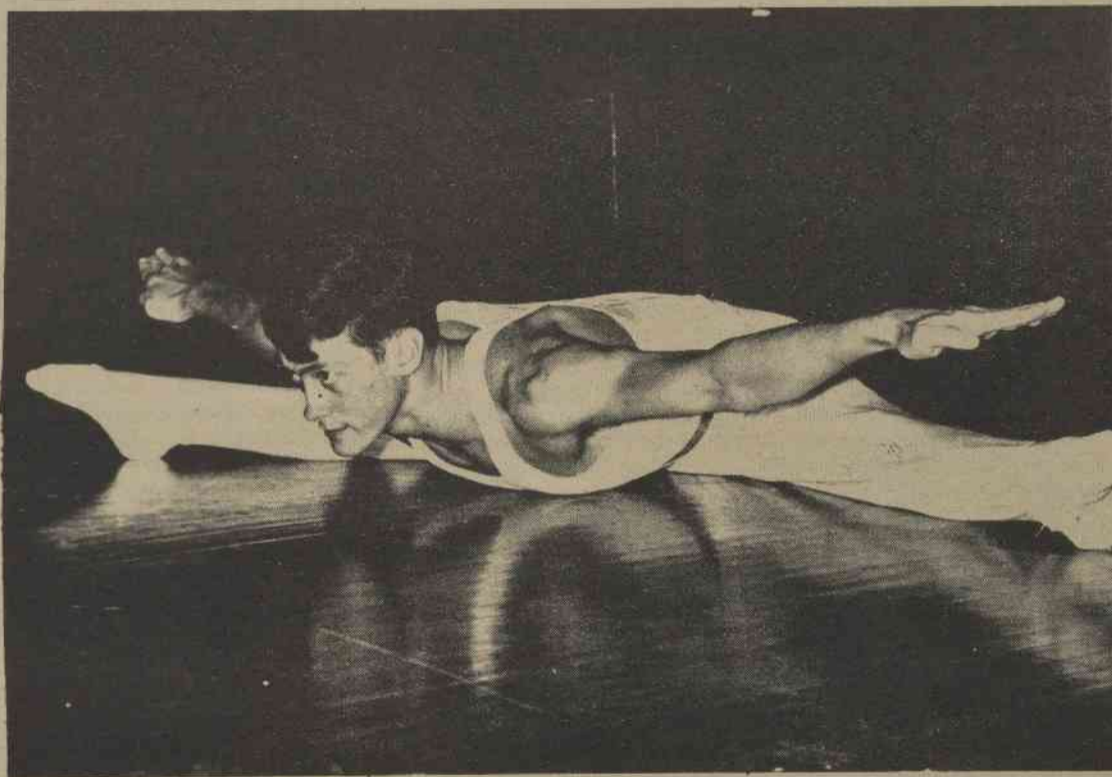

Heading up the team is Fred Martinez, Nissen representative for the Southeast. He coaches at Northwestern State College in Natchitoches, La., the alma mater of SA coach Jer-alma mater of SA coach Jerome McGee. In 1966-67, Mr. Martinez's team captured the national NAIA and AAU cham-

plonships. This year, he was the coach of the U.S. Pan American team in Winnipeg, Canada.

Another member of the team, Richard Loyd, 22, is a candidate for next year's Olympic team. A senior at Northwestern State, he performs in a number of events and has won a gold medal at the Pan American games for performance on the parallel bars and silver medals for floor exercises and side horse.

George Henry, a graduate of the University of Iowa, was the Big Ten trampoline champion, in addition to winning the NCAA and world professional trampoline championships. Bob Carreiro, 25 year old junior at Northwestern State, is a member of the NAIA All-American team, the national AAU championship team, and was national junior college all-around champion.

Mrs. Doris Fuchs Brause, one of the three female members of the team, has been a member of the US team in the last three Olympiads. She has also twice been a member of the USA World Gymnastics Championship teams and has been on the US team for the Pan American games.

Richard Loyd, a senior electronics major at Northwestern State College, is a candidate for the US Olympic team in '68.

## Bike Ownership Registration Requested

All SA students who own or maintain a bicycle of any type on the campus are required to register their bicycles at the Physical Plant office. The purpose of the rule is primarily that of establishing ownership.

This is not a rule designed to cause students any hardship, nor is it an attempt to impose regulations upon bicycle owners.

Each year that the college has been in operation, bicycles have been taken from the campus by persons who are not members of the campus, or the campus community and later abandoned in the general Laurinburg area.

Some bicycles have also been stolen. The Laurinburg and the Scotland Country Sheriff's Office are most cooperative in returning bicycles to their rightful owners when they are discovered in the possession of unauthorized persons.

However, when a student reports that his bicycle has been stolen, local law enforcement authorities can do very little about it unless there is some method of identifying a bicycle.

All bicycles on the campus must be registered by Saturday, October 14. After that date, any bicycle without a SA registration number will be picked

up by the Maintenance Department.

Over the past two years, the Maintenance Department has collected a number of parts of bicycles, and some abandoned complete bicycles. These will be sold at public auction at the discretion of the Student Association.

Funds derived from the sale will go to the general fund of the Student Association.

Begin planning for Spring Fling! This year's Fling is the best yet. Tickets will soon go on sale for the Chad & Jeremy concert.
