

Food Bulletin Talks Of Problems And Solutions

(Continued from Page 1)

or can eat at a meal are only hurting themselves. Waste costs money too. Some of the roast beef we buy costs \$1.64 a pound, so it is easy to see that food costs for approximately eight hundred students get extremely high. Students are not to carry food from the dining hall. They are entitled to eat food in the dining hall. Any waste costs money and reduces the amount available to feed.

College Caterers' intention is to present a well balanced meal, which is appealing to the student, and meets nutritional requirements. Students must help in conservation of food if they expect the best in any food service operation. There is no room for waste with many people in all parts of the world going to bed at night hungry.

Many of the students who have come to me with a particular feeling of problems concerning food or the serving of food realize some of the reasons that they can not always have what they want.

Food is one of the most per-

Doctor Action

vious that the problem is too serious to be ignored. Turning again to the student Senate, I would hope that they would be satisfied with nothing less than knowledge of the specific actions taken by the administration. Once again I repeat, according to Mr. Urie, no action has been taken up to this point; the situation remains the same.

REX McGUINN

sonal things known. Each person reflects his background, his personal preferences, and his individuality in the food he desires. You will never please all the people, at all times. A good variety of food choices is offered. There are twenty-one meals in each week, and it might be interesting to note that twenty-one separate vegetables are not on the market. Variety then must consist of serving food and vegetables in different ways.

Students who refuse to wear shoes in the dining hall present a problem. The State Health Dept. sets the sanitation standards of food service operations, which requires the wearing of shoes in dining halls. This is to protect the student. Much glass is broken in food service areas, and people have been known to lose the use of a foot due to a serious cut caused by not wearing shoes. This makes logical, common sense which some of the students just do not seem to agree. There is no wonder students who will not wear shoes especially when the weather is cold, come up with colds and illnesses. The reason would be apparent to most.

On Saturday night we will have a special Halloween meal consisting of the following menu:

- Steamship Rounds of Beef
- Roast Young Turkey
- Corn on the Cob
- Candied Sweet Potatoes
- Baked Potatoes
- Green Beans Almondine
- Make your own salad bar
- Pumpkin Pie
- Mincemeat Pie
- Cheesecake
- Assorted Halloween Goodies

BURT MASSENGALE and his country-club sounds will appear November 11, along with the Kallabash Corporation.

Two Bands, Movie Coming Nov. 11

The week-end of November 11 has shaped up to be an entertainment week-end. Appearing on campus that week-end will be Burt Massengale and his Orchestra and the Kallabash Corporation, and the Blue Grass Experience. "Butch Cassidy and the Sundance Kid" will also be shown.

The week-end begins that Thursday night starting with the "country-club band" sounds of Burt Massengale and his Orchestra. The orchestra will be on stage for an hour playing a series of songs that have been popular over the past several years. At the end of the hour they will finish by playing Creedence Clearwater Revival's hit song "Proud Mary." Immediately following the country-club sound will be Kallabash, the host band at Love Valley a little over a year ago. The Kallabash will be on stage for another hour playing the con-

temporary sounds in the style that has made them one of the more popular concert groups from the Southeastern, U.S.

The next night, Friday, November 12, the Blue Grass Experience will make a return performance. The Blue Grass Experience was a mountain music group that played during Bacchanalia with great success last spring.

Also appearing that week-end will be the award-winning film, "Butch Cassidy and the Sundance Kid." This film will be shown in the Avinger Auditorium on Friday, Saturday, and Sunday nights.

Teaching has been the major source of professional employment for women for more than a half century, the Bureau of Labor Statistics reports. Over 1.4 million women, or 36 percent of all professional women, were teaching in elementary and secondary schools in 1969.

Knights Rank Top In DIAC

It seems that for every second article written this year, the Knights have deftly managed to lose one and only one game per article. This time it was Davidson that spoiled an otherwise perfect series. Last Friday and Saturday the Knights took two games from two highly skilled teams. On Friday, S. A. blanked Hampden-Sydney 2-0 and the following day in the midst of pouring rain, S. A. added to the ruination of a Lynchburg homecoming. In that game of mud-ball, the Knights came out on top 3-1. Then came Davidson on Tuesday when S. A. was shut out for the second time this season 3-0.

At Hampden-Sydney, S. A. began its scoring on a beautiful passing combination from Cooper to Thoonkapbalin and back to Cooper, who placed it in the corner of the net. The second goal was scored just before the end of the game when Thoonkapbalin took a long pass over the heads of the defense and pranced up the field to score unassisted.

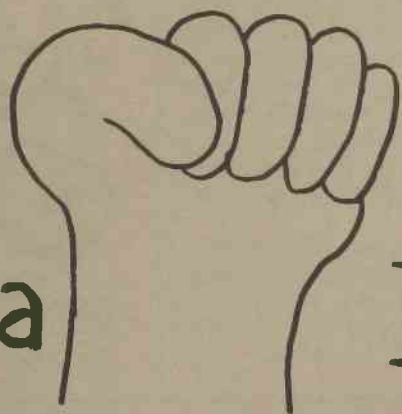

After spending a swinging evening in Hurt, Virginia, the Knights travelled to Lynchburg to play on a submerged high school field. The Knights tallied the first goal in the first quarter when Cooper crossed a ball in front of the goal and 5' 7" Thoonkapbalin out headed 6' 3" former All-American Wagner for the score. When Lynchburg registered a fluke goal in the third quarter, visions of last year's tie danced in our heads. But since John Catmur could not see playing overtime in a downpour, with five minutes to play, he took a break away pass and fixed a shot that left the goalie hanging. Two minutes later, a flustered Lynchburg full-back half-mooned a miskick around the goalie to add a third and final goal.

Then came Davidson, and S. A. was psychologically bankrupt. Nothing went right, and the third rigorous game in five days left the Knights flat-footed. Davidson instituted a superb passing game that left S. A. fullbacks and halfbacks running in circles aimlessly. The first Davidson goal was scored by S. A. fullback Mackay Asbury when he attempted to clear a bouncing ball toward the sidelines. Somehow, the ball landed in our goal. The second goal was scored on a penalty kick and the final goal was a breakaway. Perhaps the only bright spot of the whole afternoon was a continuum of super goalie saves in the fourth quarter by Senior Bob Buffington. Would that he had the opportunity for performance sooner.

On Saturday the Knights play Wilmington here and on Tuesday we host Pembroke, the final game of the season. The following week-end S. A. journeys to Rocky Mount to play in the D. I. A. C. tournament in which S. A. will be seated No. 1, since we are 5-0 in conference play. Unfortunately, the loss to Davidson gave the Knights an overall season's standing of 9-3.
