NUMBER 20

Tillson Slides By Thompson

BY STEVEN J. KUNKLE,
STAFF WRITER

Elections for 23 positions in student offices took place last Thursday, April 21. Following are the numerical counts as received from Stuart Swain, Chairman of the Elections Board.

For the office of Student Association President, Lin Thompson received 143 votes, Celeste Tillson 133, David Strasburger 90, and there were two write-ins. The runoff between Thompson and Tilson took place Tuesday, April 26, and the official results conclude that Celeste Tillson is the President for the 1977-78 academic year; Tillson had 182 votes, and Thompson had 179 votes.

Student Association Vice President will be Bob Haley, who ran unopposed and received 313 votes, with 9 votes for write-ins.

The new Secretary will be Cindy Jenkins, who received 206 votes. Her opponent, Joanie Reback, had 157 votes, and there were no write-ins.

For the office of Treasurer, Brent Bystryzki won with 197 votes, and his opponent, Bill Moseley, followed with 166 votes. There was only one write-in.

The new Attorney General will be J. C. Clarke, who ran unopposed and received 303 votes. There were 20 votes for write-ins.

Ed Wilson captured the Presidency of the College Union Board (CUB) with 202 votes, with his opponent, Jim Bumgardner, having 168 votes. There was only one write-in.

The CUB Vice Presidency went to Shannon Huff, who

Professors Receive Grades

Steven J. Kunkle
and Joey Sherr

This past Friday and Saturday students were asked to grade their professors and administrators on a questionnaire sponsored by the LANCE.

This grading was done so that students could give their evaluations of professors and administrators, and to make their preferences known. During the course of this project, many students remarked that this was a very good idea and should be continued; few negative reactions were observed.

Students were instructed to grade on the current standard letter grade system at St. Andrews, and use whatever relevant factors they deemed appropriate. The results were then recorded as a grade

Values And Expectations In Science And Technology

The first two lectures in the symposium Values and Expectations in Science and Technology were given on Wednesday, April 27.

Dr. George Hitchings, scientist emeritus and vice-president research (ret.), Burroughs Wellcome Co., spoke in Avinger at 11:30 a.m. on "The Importance of Irrelevance in Science and Technology". He began his talk by pointing out how our educational system is changing, beginning in the elementary grades, and is shifting towards only teaching things that appear to be immediately relevant. An example he gave was that of not teaching grammar in the schools the way, or as much as, it used to be taught. He said the emphasis now is on teaching verbal, not written communication. So you find sentences in published papers you would have gotten an 'F' for writing in junior high school. Dr. Hitchings went on to discuss the fact that a

discovery which seems insignificant in one field, may really be important when applied in other areas, although some might consider the area of original investigation to be irrelevant to the area where the application is utilized. He proposed that each research grant or contract should have some time "built into it" for the researcher to "tinker

Amended Schedule For Friday

The Science Building Dedication on Friday, April 29, 1977, will necessitate an abbreviated class schedule for that day. "No classes will be cancelled". The following schedule has been adopted by the Faculty Executive Committee and will be followed on April 29.

Normal Schedule	Adjusted Schedule for April 29
8:30- 9:20	8:30- 9:10
9:30-10:00	9:20-10:00
10:30-11:20	1:00- 1:40
11:30-12:20	1:50- 2:30
12:30- 1:20	2:40- 3:20
1:30- 2:20	3:30- 4:10
2:30- 3:20	4:20- 5:00
3:30- 4:20	5:10- 5:50

THURSDAY, APRIL 28: Values and Expectations in Science and Technology-Panel Discussion: In Response to Earlier Papers-Guest Panelist, Dr. Donald Huisigh, professor, Division of University Studies, N.C. State University-8 p.m.-LA 100

THURSDAY, APRIL 28-FRIDAY, APRIL 29: Student Art Show-Vardell Gallery

THURSDAY, APRIL 28: Translation Festival - 7:30 p.m. - Wilmington Lounge - Geffert and Neylans

THURSDAY, APRIL 28: Co-ed Volleyball Play-offs

FRIDAY, APRIL 29 - SUNDAY, MAY 1: Canterbury Tales -

FRIDAY, APRIL 29: Dedication of Morgan-Jones Science Center and John Blue Laboratory-Robert L. Payton, President, EXXON Education Foundation-10:30 a.m. - Lakeside, Science Center.

Science Center To Be Dedicated

The Board of Trustees

The dedication of the Morgan-Jones Science Center and the John Blue Laboratory will be witnessed by hundreds Friday morning at 10:30. Students, alumni, professors, and guests will be on hand to observe the dedication of the building, which is named after the late Edwin Morgan of Laurel Hill and Halbert M. Jones of Laurinburg.

Morgan and Jones were both instrumental in the formation of St. Andrews, and had also been trustees of Flora Macdonald College. Morgan was president of Morgan Mills, which is now headed by his son, James L. Morgan, a trustee of the college and chairman of the trustees' investments committee.

Jones is chairman of Waverly Mills, for many years was chairman of the St. Andrews trustees' building

committee and now heads the development committee. His service to Flora Macdonald also included a period as president of that college.

The Morgan and Jones names were further linked in Scotland Mills and in the Morgan-Jones line of finished textile goods.

Blue was a native of Laurinburg, who became owner and president of the John Blue Company, originated by his father, manufacturing specialized agricultural equipment. Blue himself was the developer of a number of

The laboratory, the student work area, will be named after John Blue, a once prominent member of the Laurinburg community and president of the John Blue Company.

FRIDAY, APRIL 29: Values and Expectations in Science and Technology-The Honorable James G. Martin, U.S. House of Representatives-The Interaction of Science and Government, and the Impact on Liberal Education-and a panel of SA alumni and students-2:30 p.m.-Avinger

FRIDAY, APRIL 29 - SUNDAY MAY 1: Canterbury Tales-LA Auditorium 8 LA Auditorium -8 p.m.

SATURDAY, APRIL 30: Wheelchair Olympics-Registration 8:30 a.m.

SATURDAY, APRIL 30: Baseball Doubleheader-Home-Against N.C. Wesleyan-1 p.m. Last Game of the Season!

SATURDAY, APRIL 30: Track-DIAC Meet

TUESDAY, MAY 3: Women's Tennis-Home-Against Sandhills Community College-2 p.m.
