### Latest News on The Dreamerz

By Wendy Kimpton

The Dreamerz played to a small but energetic group of St. Andrews at Albemarle's Bounce Your Panties/Boxers Off the Stage Party. Several students then followed the band to the Ramada Inn in Lumberton two weeks later for another high-powered performance.

For the past few months the band has been laying tracks for their first single "Goodbye," a one-sided 45, which should be released any day now. The song is slow and mellow, perfect for dancing, with just enough percussion, bass and whining guitar to make it a good rock tune. The band has promised to keep in touch with St. Andrews which it considers one of its best audiences ever.

## COLUMNS

### Odds and Sods

by Kevin Hauver

Newsbreak: Lance sources in Washington say that the President indeed believes that three out of every four Americans make up 75% of the nation's populations! And you thought the former actor was getting senile.

Here's an interesting bit of trivia to tease your friends with: Former Monkee Michael Nesmith's mom allegedly invented liquid paper! (Probably would have come in handy for those clever Monkee songwriters). Oh well, no use crying over spilled milk.

According to a recent issue of *Sports Illustrated*, former Cy Young award winner Denny McLain is as dedicated a writer as he was a ballplayer and drug user. He's writing in jail. Gotta hand it to that guy, huh?

I would like to take this moment to commend today's administration (especially Ron "oh boy is your son cute" Reagan) for honesty and openmindedness. Thanks guys, keep up the good work.

Oh, and let us not forget about the flawless work of the C.I.A.. Doesn't it make you feel good knowing that they're on our side.

Sugar Ray Leonard is making a comeback. Now I can only speak for myself, but if I had several million dollars, a huge house, and a beautiful wife and kids, you'd better believe I'd want Marvelous Marvin Hagler to punch me in the face...

...Let's hope we all can get back to work after huddling around our televisions praying for the return of the beloved America's cup. Hoo boy, was that ever exciting.

Rumor has it that a few of the dedicated are petitioning to see that North Carolina basketball games will be telecast on five separate networks simultaneously. What a relief! You can never be too careful about the occasionally imperfect St. Andrews cable system...

Pop artist Andy Warhol, who turned images of Campbell's soup cans into modern art, died earlier this week of heart failure. The main question seemed to be exactly how old he was. Reporters speculate that he was 58...

As the spring term is upon us, as well as all the pressures that accompany it, let us all take refuge in knowing that the Star Search finals are just a few short weeks away...

Until then, adieu.

### Did You Know?

Mel Bringle reports that several students have been honored by the SAGE 321 Team for the excellence of their research papers written for this fall's course. Those students whose papers have been chosen for recognition are as follows: First place --- **Skip Anderson**, "Pan-Indianism and the Ghost Dance of 1890." First runner up --- **Ann Leist-White**, "A More Inclusive Science" (integration of feminist perspectives into scientific study). Honorable mention: **Chip Davenport**, "Peyote in the Native American Church, and the Implications of Psychedelic Drugs in Religion;" **Joanne Ketch**, "Discriminatory Egalitarianism" (tensions between black and white women in the women's movement of the 19th Century); **Amanda Webb**, "The Role of the Nazi Women During World War II;" **George Phelps**, "The Sinhalese-Tamil Relationship in Sri Lanka." ...

A St. Andrews staff person is the cover girl on the January issue of *Travel & Leisure* magazine. The shy cover girl is photographed on the beach from the back, but she works at S.A. and was vacationing "in the islands" when the photo was taken (Do you know who she is? Just a tiny hint --- she works in Admissions!) ... **Aidan Dunleavy** reports that progress is being made on the renovation of the Education Curriculum Lab, complete with new carpet ... Three new residence directors have been hired. They are : **Jon Conyers** (Albemarle), **Tammy Schwartz** (Orange), and **Phillip Leist-White** (Granville)... **Jerry Patterson** was presented the Employee of the Year Award (1986) for the Physical Plant ... **Betty Lou Stubbs**, who was the Employee of the Month for December, is currently on leave due to an extended illness ... **Ann Woodson's Tornadoes** opened in Cheraw, S. C. at the art gallery in the recently restored Old Armory Building. While there, the exhibit was filmed by a local television station ... **David Simons** was named All-Tournament at the Frank Shannon Invitational at Ohio Wesleyan University as he set two tournament records of five blocked shots in one game and 32 rebounds in two games. The Knights finished second in the four-team tournament ... **Dianne Dyches** gave birth to a baby boy on February 9th. His name is **Austin Copelan Dyches** ... and did you know that **Rob and Doreen Martin** are expecting their second child in mid-October? Congratulations!
