Stroud Named All-American

Mark Powell

Lori Stroud, a senior hitter from Wilmington, N.C. on the St. Andrews Presbyterian College, has been named to the 1987 American Volleyball Coaches Association NCAA Division III Russell Athletic All-America (2nd) team.

Stroud has been a powerful force for St. Andrews, 30-12 and champions of the Dixie Intercollegiate Athletic Conference this year, in her four years at the college. She is the first volleyball player at St. Andrews to receive All-American honors, according to head coach JoAnn Williams.

"It's really a great honor for Lori — looking at the other names on the list, they all come from national powers like national champion University of California - San Diego," said Williams. "Lori has really worked hard for this program her entire four years here."

Stroud's statistics speak for themselves: she played in 125 games and

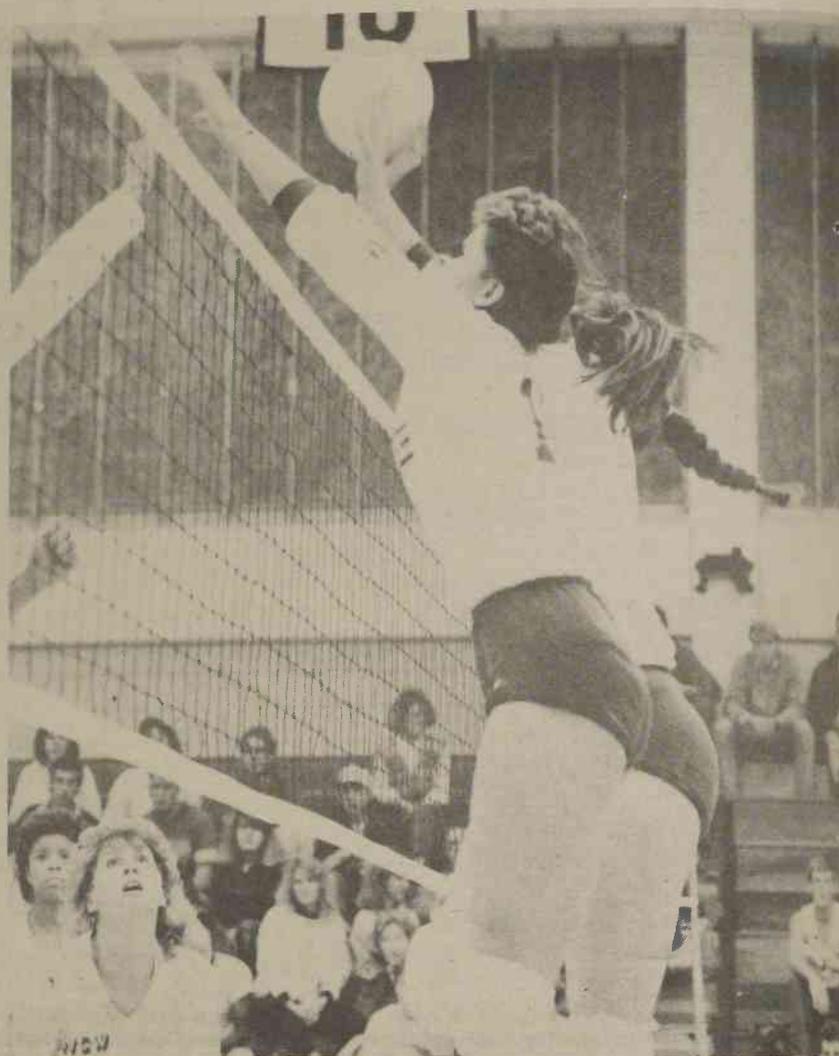

had 373 kills with a hitting percentage of .307. She also had 17 assists, 35 service aces, 50 passes, 227 digs, 28 solo blocks and 60 block assists.

"It's really a great honor for the volleyball program at St. Andrews and for Coach Williams," said Stroud. "I couldn't have ever received this honor without everyone else on the team — volleyball is really a team sport."

"I think this award reflects how well we played together as a team this year."

Stroud was also chosen an All-South Region performer by the Volleyball Coaches Association. She was also the most valuable player of the DIAC Volleyball Tournament this year, in addition to being chosen All-Dixie Conference and Player of the Week earlier in the season.

An education major, Stroud is a nominee for a CoSIDA/GTE All-Academic-American award.

Cagers Play in Holiday Tourney

Jennifer Woodward

The Knights bounced into action for the 1988 season with two tournament games. The first tournament was held at Oglethorpe College in Atlanta. The varsity men's basketball team were the consolation winners after defeating Shorter College, 86-73.

Over last week's Thanksgiving weekend, the Knights competed at another tournament in Virginia. In the first game, the St. Andrews Knights crushed Greensboro with a 67-56 win in the first game. The championship game was eventually lost, though, after a hard-fought battle to host Emory and Henry College, with a score of 89-77.

David Simons, a 6'7" junior from Mt. Pleasant, Michigan, is the team's leading scorer. For the season total so far he has already scored a total of sixty-seven points and has brought down fifty-one rebounds. Teddy Holloway, a 6'2" freshman from Shelbyville, Indiana, has also had a good showing while leading his team with fifty points and twenty-five rebounds. Both students were named to the all-tournament team.

The men's varsity basketball captains for this year at St. Andrews are senior Joe Owens; junior David Simons; and sophomore, Windell Staton. The Knights are being coached by Mark Simons and assisted by Mike Elbe.

X-Country Improves

Jennifer Woodward

St. Andrews has once again proved itself by producing a strong cross-country team. This year the team finished with eight men, four women and the overall performance was an improvement over last year's team.

The men's team runs a race of 8000 meters and freshman Larry Jackson clocked in with a personal best of 28:01 for the season during the recent DIAC Cross Country Championships held at St. Andrews. Cajetan Chuckwulozie, another freshman, placed as second runner with a time of 28:18. Third runner, Chris Wood, junior, soon followed with 28:21, a mere three seconds behind Chuckwulozie. Injuries played a factor in this year's team with Ernest Musengwa and Alan Abrams out part of the season. A valiant effort and a large improvement was shown of Michael Hubbard. Andrew Murphy and Eric Eubank rounded out the remainder of the team.

The women's team, which runs 5000 meters, consisted of Kathy Naylor, Lisa Chassy, Amy Tilghman, and Tonya

minutes from the season opener.

Coach Gordy Scoles is happy with the dedicated, hard workers who make up the team.

"I was pleased with the team's progress. They have a long way to go but, everyone has improved."
