tion. The education department was approved by the state board, but not

the national board. However, all education majors will graduate with accredidation (including first year freshpeople) The school will appeal and go through the accredidation process again. Cox also mentioned that the 1990-91 Budget has been approved.

Jay Bumgarner, student defense council, reported that there have been complaints concerning the Luau posters. He requested that there be a possible change in the poster policy, and asked that senate members discuss with dorm councils. It is recommended that no posters be allowed that may influence sexual harassment or sexist views.

breakfast - no possible time change during the week, however on weekends a possible "cartoon brunch" instead. There will be a forum on "Smoking in SAGA" on Monday, Oct. 22, at 7 p.m. (an expanded agenda is possible). SAGA also asks that students DO NOT trap bees under glasses when eating outside.

Judicial Update

#### **By Jeremy Tanner** Attorney General

Can you believe we have been back at school for over a month now?!? During this time, the 1990-91 Judicial Committee has organized itself and hopefully set the stage for a productive year. This year's members are Jeremy Tanner, Lewis Hoggard, Hope Michael, Susan Yeaman, Katherine Boten, Eddie Brown, and Holton Siegling.

During the past month, we have faced the task of coordinating the Judicial Committee with the Dorm (Residence hall) Councils, and explaining their involvement in the St. Andrew's Judicial System. Relations have been established with the dorms as Judicial Committee members serving as representatives/advisors to the dorm council. Every case presented by dorm council will be recorded by a committee member, and placed in a file with names omitted. This will offer a comparison on how the different dorms handle their own cases. A

The internal affairs committee reported no new information.

The academic affairs committee reported no new information.

The maintenance committee explained that the Physical Plant tour has been postponed until a later date.

Bill Cox, SGA president, spoke of the education department accredida-

Senate members also ask that students write on the Wall and not on the ausewalk.

In regard to new business - more secure doors are necessary on the dorms: Concord's front door needs maintenance and Wilmington's front door and code door need maintenance.

	sunday October 28	1:30 p.n 9 p.m	
-	Monday October 29	8.p.m	Monda
-	Tuesday October 30	7 p.m	Internat

## **Careers** in **Student Affairs**

Many people attend college in and answer questions about job oporder to find a job, but some probably never consider finding a job within the college itself. October 21-27 is the 1990 National Careers in Student Affairs Week, a national program to heighten awareness about college student services as a career and professional option.

The Career Planning and Placement Center and the Student Life Staff of St. Andrews are participating in this national program for the first time. Our theme is "Careers in Student Services: Consider the Possibilities."

Highlights for the week will include a panel discussion led by members of the Student Life Staff on Tuesday, Oct. 23 from 4 p.m. until 5:30 p.m. in the Belk Center Main Lounge. Refreshments will be served.

Representatives from the Student Life Office will also be available during the week to give information portunities and job descriptions in

their areas. In order to make Student Life Staff more visible on campus, each of them will wear a button that reads "Ask Me About My Career."

Each Student Life person will schedule two "coffee hours" during the week to meet with students interested in student affairs as a career option. Sign up for these times in Career Planning and Placement.

Other displays will include a bulletin board in the LA Building outisde the Career Planning and Placement Center and a directory of information in CPPC on graduate programs available to students who are interested in pursuing careers in this field.

Students who would like to further explore student affairs careers may apply for an internship in Student Affairs. For more information, contact Betty Matheson in Career Planning and Placement.

file has also been established for the cases the committee handles that involve Honor Code and college policy violations. Both files are available for inspection to anyone within the St. Andrew's community. Without using the names of those involved, the files provide an accurate assessment of what is happening judicially on

The most pleasing aspect of the past month is that cases have been few and far between. The only case we have had to deal with brought up issues that should come to the forefront during the next year. On the second day of the school year, a Freshman was accused of lying to a security guard. After long deliberations. the committee decided not to file formal charges because we felt a Freshman that early in the year was not aware of the high integrity that St. Andrew's students are supposed to hold regarding the Honor Code. This individual was then referred to Dean Greer. The big question is, how long do you give a Freshman before he or she should be aware of the Honor Code and all it implies?

To further complicate matters, this Freshman was an athlete. While this fact was not taken into effect regarding the committee's decision, we also were aware that had this individual been found guilty of lying, the individual would have been placed on social probation for one year and would not have been able to participate in the sport. This could result in the loss of an athletic scholarship. The consequences seem severe, but it emphasizes the importance of being aware of the Honor Code and the penalties for its violation.

The aftermath of this case turned out to be very positive. I took the initiative to speak before the basketball and baseball teams ( the teams that have the most scholarships) and inform them of school policies and their repercussions. This was done to express concerns they had and to establish good communication between athletes and the student government. It was also done to let them know that if they are not satisfied with current rules regarding violations and athletic scholarships, they have every right to lobby for changes. It is very important that everyone, and not just athletes, know and understand the rules and what can happen as result of violations.
