## St. Andrews Students to Work With Hoffman

By Fred Wilson and Jennifer Woodward  
Staff Writer and Editor

"Billy Bathgate," a Walt Disney Pictures Production, is slated to film in Hamlet, NC in early November.

The picture is based on the best-selling novel by E.L. Doctorow, and features Dustin Hoffman in the role of infamous mobster Dutch Schultz. Also starring are Bruce Willis, Nicole Kidman, and newcomer Loren Dean as Billy Bathgate. The film is being directed by Robert Benton, whose credits include "Kramer vs. Kramer," "Nadine," and "Places in the Heart."

Set in the year 1935, the story mixes fictional and nonfictional characters as it traces the coming of age of Billy Bathgate - a poor 15 year old boy from the Bronx - and the fall of his gangster mentor, real-life Dutch Schultz.

The film will be shot in Saratoga, NY, New York City, Wilmington, NC, and Hamlet.

Locally, Hamlet will be transformed to resemble Onondaga, a real town in upstate New York. When Dutch Schultz discovers that his trial is to be held in Onondaga, far away from his New York City power base, he and his entourage move to the town to try and win friends and influence the outcome of his trial.

Hamlet was selected because the architecture of many of the buildings on its Main Street accurately reflects the period in which the film is set. The historic theatre, bank, and the terminal hotel also provide the specific locations within the town necessary for the look of the film.

Currently, there are five St. Andrews students involved in the production - Joy Berry, Wayne Johns, Jason King, Angela Lynch, and Matt Sutherland. Each was selected on the basis of their contributions to the Film

Society, their career goals, and their involvement in an Introduction to Film class taught by Ellen Walters. Walters learned of the filming from the manager of the Cover to Cover bookstore in Laurinburg. She journeyed to Hamlet and spoke with the production coordinator and location manager, and was able to establish interviews for the selected students.

The interns are expected to do a wide variety of activities, which may include working in the art or wardrobe department, casting, editing, or working in the production office. The internships officially began Oct. 29 and will last until Dec. 6. The students will receive three credit hours. They are required to keep a journal, log in time spent working, and various other outside duties pertaining to the movie production.

## The Society Column

Miss Tina Carter  
Miss Sarah Cooper  
Miss Jane Karpenske

Well, here we go again. Hopefully this will be more amusing than our last column. We have several parties to report on as well as morning migrating patterns.

Orange started off the weekend of the 19th with Come in Your Shorts. The cold weather didn't allow for the display of many shorts, only the brave few dared to bare. Music provided by The House of Mirth left much to be desired which is probably why the turn out was less than expected. The most exciting thing that happened at that party was when Eric Digons and Sharon Frain were seen holding hands.

On the other hand, the BSU party proved to be a success. Dean Greer was present kicking up her heels. The D.J. gave a good show with coordinating lights and music. Everyone missed David Owens who was not present due to a recurring illness.

This past Friday DML kicked off the weekend in grand style. We thought they had lost their touch but they proved that they still knew how to throw a great party. Good going guys, just like the good old days huh Bill.

The party of the semester was once again Granville's Halloween Bash. Everyone had a trippin' good time. Star Search prospects were Jason King and John Church when they sang renditions of "Gloria" and "Johnny Be Goode" with the band The Bomb Squad. Jason thanks for leaving your mask on. The baseball players must be in the habit of dressing in uniform for most of them dressed up as lumberjacks. Hope you have another great season guys!!

Congratulations Meck for your accurate portrayal of our SGA Vice-President Abe Van Wingerden. However, there was not quite enough

brown stuff on their noses. The Duke Grad school representatives present at the party were eager to meet the real Abe after meeting all of the imposters. When they finally meet the real Abe they found him to be quite a freak member, we saw what you did and we are far too liberal for their fine insti-

tution. We guess you won't be getting any more interviews Abe.

Concord should no longer be called the convent but the nursery. Babies were everywhere, forming congo lines and drinking out of bottles (as of the contents we're a bit uncertain, the milk of Mother Bud or Mother Beam perhaps.)

Suite Six Winston-Salem had the perfect idea to come as Snow White and the Seven Dwarfs. There was only one small glitch in their great plan, they forgot Snow White. Try harder next year.

All 22 of Alan "Bender" Williamson's girlfriends were present including Girlfriends number 666 and 69. All of them proudly displayed their numbers until he picked the lucky finalist. Poor Carrie Guppy, girlfriend number 20, waited all night for her turn. By the way Dobie, get out your life jacket. We called home and found out that it is the 2nd.

For a minute there Granville was trying to compete with Meck's fireworks display, however fell a little short. Don't worry Theiron all Meck residents were present and accounted for.

Congratulations Suite Six for winning best overall in the suite decorating contest.

On Thursday morning we did a little impromptu research. From the hours of 7:30 to 8:30 A.M. sixteen people were seen walking back to their halls from differing locations around campus. Every hall was in-

involved in one way or another. We guess there was a lot of late night studying going on, ha ha. Lorenzo Canalis would have been proud. One of his soccer players ran from Orange to Meck so fast that his identity was a complete blur.

As you can see St. Andrews social life is still going strong. Please keep doing foolish things so we won't run out of material for our column. We know you won't disappoint us. Remember when you won't disappoint us. Remember when you won't disappoint us. Remember when you won't disappoint us.

## Rhinos Defeat Cape Fear

By Abe VanWingerden  
Contributing

The St. Andrews Rhinos travelled to Wilmington, NC, for games against Cape Fear Men's Club and Cherry Point Military Academy Saturday, Oct. 20. As was the case against Davidson, the Rhinos were not thought of highly before the game began as was exemplified by the sneers and smiles of the opposing teams as the Rhinos arrived at the field. But their smiles were wiped away during the course of the game.

In the first game against Cape Fear,

the Rhinos prevailed 24-14 with Anton Whiley scoring three tries and Chris Edwards adding one try. Garreth Griffith was successful on all four of his conversion kicks. The Rhinos defense continually turned away Cape Fear at their goal line. The Rhinos finished the first game with a win plus earned a great amount of respect from the opposing team.

In the second game, the Rhinos defeated Cherry Point 8-0 for their second shutout in the last three games.

Once again, the Rhinos relied on a strong defense, while on the offensive side, Shawn Hunter and Chris Edwards both scored tries.

The Rhinos are now riding a three game winning streak which has lifted their record to 4-3-1. Even more important, the St. Andrews name is being spread across the state with every win. The Rhinos return to action on Nov. 3 at home against Davidson at 1 p.m. This is the last home game of the year.
