

# 2006-2007 Student Government Officers

Position: **Master of Communication (MC)**

Name: Mitchell Cooper

Involvement: I run cross country and track for the school.

Summer: My summer consisted of going to the beach, hanging out with friends, and working a bunch, which is oh so much fun.

## Student Activities Union

By: Ian Gitata

The Student Activities Union (SAU) is an organization that coordinates social programming for the entire student body. The club is set up to provide the student body with campus wide parties, comedians, films, musicians and novelty/variety acts. The president of Student Activities Union is elected by the student body, much like the Student Body president. The president oversees campus wide events sponsored by SAU and also coordinates with other clubs and organizations on campus to provide the student body with quality entertainment and fun. The SAU consists of members of the student body, who help with the various events that are held on campus and get to meet and interact with the variety of acts and enter-

tainers who perform on campus. Membership is open to all students willing to work in the above mentioned capacity. Some of the events that the SAU is sponsoring for the fall include the Coffee House Series held on Wednesdays twice a month, Movie Night series held on Thursdays, the 80's band party, Call of the Wild events, Regatta, Luau and a plethora of other acts and entertainers. The Student Activities Union works hard to ensure that the student body has a multitude of activities to choose from and also sponsors trips to popular attractions around the area. SAU is geared to ensure the satisfaction of each and every student and tries to make sure that there is something on campus or off campus for each and every St. Andrews student to do. We hope you all have a great year and if anyone wishes to

join the SAU or has any concerns or ideas about activities on campus please contact Ian Gitata (x5190, email: [Gittain@sapc.edu](mailto:Gittain@sapc.edu) ).
