

Jenkins tied for the first prize. Miss E. J. Lewis and Mrs. Doles won second; Misses Burleigh, Hicks, and Pryor the consolation prize. Victrola selections were played during the game. Then a delicious repast of punch, chicken salad, hot cocoa, wafers, candy and peanuts were served. Those enjoying the delightful affair were: Dr. Moore, Pres. and Mrs. Bias, Dean and Mrs. Cherry, Rev. and Mrs. Doles, Mr. and Mrs. Jenkins, Misses Hicks, Burleigh, Marshall, Pryor, Harris, Caldwell, Lewis, Raynor, Bessie Moore, and W. M. King, and Prof. L. L. Henderson, and Mrs. Jacobs.

October 12, North Carolina Day was observed in chapel, under the direction of Rev. J. T. Doles. The program was as follows:

1. Introductory Remarks Rev. J. T. Doles
2. North Carolina in a New Phase.. Miss Katie Jones fourth year high school.
3. The Governors of North CarolinaMiss Mary Allen, fourth year high school.
4. Significant Facts of N. C.—The seal, flag, motto, oldest towns, etc.Miss Florence Carter, Senior Normal.

The school appreciated and enjoyed this very interesting and instructive program. At the close the student body sang, "I Love Thee Carolina."

On October 5, Mrs. J. W. Brown, Misses Alston and Johnson left State Normal School to be the guests of Mrs. John Lowe of Hertford, N. C. From

there they motored to Greensboro, N. C., in company with Messrs. Sharp and Isaac Lowe to witness the football game between Tuskegee and A. T. College. Mr. Isaac Lowe, son of Mr. and Mrs. Lowe, is attending school at A. & T.

The students and faculty of State Normal were delighted to have as their guest on the morning of October 18, Dr. G. E. Davis, a member of the State Department of Education and an agent for the Rosenwald fund.

In a very interesting way, Mr. Davis dealt with the three familiar mottos, "Work conquers all things," "Aim high," and "Where there's a will there's a way." He discussed these from a different angle and made us see from another viewpoint a side that has been hidden from those who have never made a careful study of these bits of wisdom handed down to us. He also emphasized the fact that they were only true under certain circumstances.

Dr. Davis is an old friend of our President Emeritus, Dr. P. W. Moore, and his visits are looked forward to with much pleasure by all connected with the school.—Velma Turnage, Reporter.

The Senior Normal class gave the first regular student Lyceum program for the year. It was indeed a program well prepared and well rendered from the standpoints of dignity, originality and refinement. We hope the other classes will strive to do as well. The program given was as follows:

LYCEUM PROGRAM

Friday Evening, October 19, 1928
Given by Senior Normal Class.
