NUMBER II

THE NEW NEWS LETTER

With this issue of the COLLEGE NEWS LETTER the general plan of the publication undergoes a change. Under the new plan, it is hoped not only to bring the various Alumni chapters closer to each other, but to bring the Alumni closer to the present generation of college students and its many activities on the college campus. This new plan seems to offer an opportunity to give all elements of the institutional family a common bond of interest in the college and to cement the relationship between those who are out in the world and those still sheltered within these walls.

ter to Pres. H. L. Trigg emphasizes one way in which we hope the NEWS LETTER will be of value.)

"Dear President Trigg:

We, the Brooklyn Chapter of the STC Alumni, received with great enthusiasm the NEWS LETTER you sent us. That was the first correspondence we have had directly from the school since we organized. However, we are looking forward to hearing from our Alma Mater both frequently and regularly,...."

*
The Brooklyn Chapter of the STC Alumni Asso. of Eliz. C., N. C., is looking forward with much interest to a Yuletide Tea to be given at the home of Mrs. Rome Cross, 325 Hancock Street, Brooklyn, December 20, 1942. Dr. C. L. Franklin, Gen'l Pres. of Alumni Asso. of Virginia Union, and pastor of the Mt. Lebanon Baptist Church, Brooklyn, will be the guest speaker. Mrs. Layola Terry Carroll is president of the Brooklyn Chapter of STC Alumni, Mrs. Ariel Houston Marshall is Sec'y, and Attorney C.C. Knight business manager.

The Alumni have many things they can teach the college folk, many things to say and to tell. We hope they will feel free to use this as their organ of expression.

At the same time, the college folk have a responsibility to the Alumni and we hope they will fulfill it. They have the responsibility of keeping the Alumni informed on college activities; they have the responsibility of presenting opportunities for the Alumni to engage in some of these activities in a very real sense; and finally, they have the great responsibility of promoting Alumni pride in their Alma Mater.

This is your organ, Alumni! Use it. This is your organ, members of the present college generation! Use it.

KRYL CONCERT OUTSTANDING SUCCESS

On Wed. Nov. 25 State Teachers College and Elizabeth City were treated to an outstanding program of symphonic music by the Kryl Symphony Orchestra of Chicago, under the direction of the famous conductor, Bohumir Kryl. The program was in two parts, the first of which consisted of scores from the pens of Mozart, Thome and Schubert. This, the heavy part of the program, was a hard test of sheer musicianship, and it was met

BROOKLYN CHAPTER ALUMNI MEETS.
