Intramural Softball Tourney

The Juniors, Sophomores and Freshmen will always remember that yellow is a sign of danger too, because the Seniors kept on the yellow and won the championship each time whereas their opponents wore red and lowered its symbol.

The games and scores were:

Game No. 1	Scores
Seniors	6
Juniors	2
Game No. 2	Scores
Seniors	20
Freshmen	7
Game No. 3	Scores
Seniors	14
Sophomores	6

The game between the Sophomores and Seniors is one that will be long remembered because it was the tightest game played. This was the only game that at one of the endings the score was a tie. From that time on, the Seniors did not give the Sophomores chance to make another home run.

First Softball Game of Year

Columnist Dorothy Thompson On the School Lunch Program

Every single child could be given two hot meals every school day at the cost for actual food of 10 days of conducting this war.

If we could open the imaginations of our Government representatives, we would take hold of this problem of the American child in a big, worthy, American way. We would make the public school a real extension of the home. We would see to it that Hollywood made and distributed entertaining but appropriate films just for children and teen-age boys and girls.
