

ALPHA KAPPA ALPHA SORORITY — DELTA THETA CHAPTER

Delta Theta Chapter of Alpha Kappa Alpha Sorority get under way with its regular Sunday School January 15, 1956. Most of the pupils present were members of the Sunday School last year and were delighted to be re-united. After a brief introduction and welcome, each child sang a song of his own choice. They were then told a story of "David The Shepherd Boy" and taught the words of the song "Jesus Loves Me".

The program next Sunday will include another Bible story, Bible verses, interpretations and singing. The Sunday School was hailed last year as a most successful project and a worthy contribution to the College community.

Those present were: Lycurgus Muldrew, William Muldrew, Michele Vaughan, Gail Smith, Jeannette Collins.

MISSION

(Continued from Page 1)

and stressed this line of reasoning; "Many facts of present day history point to the truth that our age is an age of revolution. The basis of this revolution is God's will, which means that God's judgment is at the root of the revolution. Man can be reconciled to God through Jesus Christ. Once man is reconciled to God, he must become the instrument of God's reconciliation."

In addition to worship services and the lectures, other activities were "Firesides" (equivalent to our "Coffee Hour"); Area Forums, Vocation Forums, Bible Study Periods, International Art Shows, International Music Festivals, Recreational Periods and Sacred Movies.

In the Area Forums different places of the world were discussed as points of tension. The area forum which I attended was concerned with tension in South Africa. The moderator of this group brought in a fire extinguisher because he felt that this group would be set on fire, and on fire it was set. The vocation forum which I also attended dealt with working with students and young people. In the Music Festivals it was most entertaining and inspiring to witness representatives of various nations rendering some type of their music of their country.

Because of the fact that so many things were going on at the same time during the conference, it was impossible for any one person to attend all of the conference affairs. Nevertheless, the conference was a very thrilling experience for me, and I do wish that some of our students could have been counted among the number of 3,500 delegates.

SUPPORT THE MARCH OF DIMES

NEW MEMBERS INSTALLED

Recently the P. W. Moore Chapter of the Future Teachers of America held a service during which new members were installed for the 1955-56 year.

Officers of the F.T.A. orientated the new members in the meaning and purposes of the F.T.A. Dr. Johnson, adviser of the F.T.A., swore the new members in. The service was climaxed by the singing of the F.T.A. song led by Mr. Albert Horne.

New members installed were as follows:

—Spence

GIVE TODAY

It does not matter who you are
Whether you've come from near or far
In weather cold or weather hot,
This awful infection can find a spot.

Can you stand by
While crippled little children cry?
Let your dimes and dollars talk
Help those little ones to walk!

Send your gift along today,
So little legs can run and play;
So withered fingers 'll not be cold,
And little helpless hands again unfold.

—Constance Taylor

CHATS WITH THE DEAN

We are fortunate indeed if life hands us a balanced portion of success and failure. Psychologists and educators discuss among themselves what the proper balance is. One ventures 50-50; another says two-thirds success and one-third failure; still another, four-fifths success and one-fifth failure.

The facts are that no one knows just how much failure is required to keep us striving to be our best. Sometimes a very small percentage of failure in an all-important area almost overwhelms us.

In our early college years we have one great factor in our favor: Time. We are still growing, and many failures can be mended as we grow on toward the years of fuller responsibility.

From **SO THIS IS COLLEGE**
by Landis, p. 48

HOW TO TAKE BLOOD TYPE

In biology class, under the direction of Mrs. Helen Muldrow, I have learned how blood may be typed.

To test blood two small bottles of serum, one B and one A, should be used. To begin the job, instruments should be sterilized and glass slides cleaned. Then a drop of serum A is put on one end of the slide, and a drop of serum B on the other. The end of the finger is cleaned with alcohol. It is then punctured to get blood, a drop of which is put in each drop of serum.

The slide is placed under the microscope to see if the blood which has been dropped into the serum has agglutinates in A serum, the result is B type blood; if it agglutinates in B serum, it is A type. If it agglutinates in A and B, the blood type is AB. If it does not coagulate in either serum, the type is O.

I found my type to be O. Anyone wishing to find out his type, may come to Mrs. Muldrow's classroom in the Science Hall.

—William Baum

58 STUDENTS MAKE DEAN'S LIST

Fall quarter honor list recently released shows 14 freshmen, 6 sophomores, 11 juniors and 27 seniors with scholastic averages of "B" and above. Oscar Blakey, senior, leads with a 3.00 average.

"A" Honor List — Senior

Blakey, Oscar L. 3.00

Freshmen

"B" Honor List Av.

Chamblee, Sannie 2.45

Cousin, Naomi 2.40

Gadson, Sudie Bell 2.00

ARE WE USING OUR LIBRARY

Are the students of Elizabeth City State Teachers College taking advantage of their wonderful library?

We have many books, pamphlets, magazines and newspapers that will interest the college student. Our library is open day and night for our own convenience. It is helpful in our classroom work because it offers additional information that will enable us to understand more clearly what we are studying. The librarians are capable and willing to aid us in securing the materials that we need.

WITH THE DELTAS

Six new members were initiated into Delta Chi Chapter of Delta Sigma Theta Sorority on January 14. These sorors are Ruby Dupree, Shirley Moody, Joyce Spellman, Mary Spruill, Iris Thompson, and Cleo White.

The culmination of the probation period for these young ladies was a very colorful banquet at the home of Soror Julia M. Hoffler, speaker for the occasion.

"Barbs" conducted the Delta Story Hour for community children on the morning of January 14. It was a very pleasant experience for the several children who were present.

Delta Chi Chapter of Delta Sigma Theta Sorority entertained twenty-nine girls at a Tea on Sunday afternoon, January 15, in the Lounge of the Homemaking Department. Games, music, and an appetizing repast were enjoyed.

Leading Events of the Year

D. D. Eisenhower's Heart Attack
The Big Four Conference in Geneva, Switzerland
Further Discussion over the Desegregation Issue.

The Discovery of Salk Vaccine.
The Murdering of Emmett Till.

The Ten Best Pictures of the Year
Adapted from Broadway — "Mister Roberts"—Color

Musical — "Guys and Dolls"—Color
