

MR. CLIFTON E. MANN '06

### ALUMNUS RETIRES

Detective Clifton E. Mann, 1906 graduate of S. T. C., and native of Elizabeth City, North Carolina, has recently retired as City Detective in Atlantic City, New Jersey.

Gifts of cash and a gold wrist watch were presented Mr. Mann upon his retirement. The presentations were made by Director of Public Safety, Meredith B. Kerstetter.

For thirty-one years Detective Mann rendered outstanding service as a City officer and won for himself high recognition.

Mr. Mann lives with his wife, Marie, at 1226 Adriatic Avenue, Atlantic City, New Jersey.

### OUR CLASS AT JAMESTOWN

Two flags went up in a row,  
And the people walked to and fro;  
Crowds gathered on the mound  
To watch the band march round and round.

The weather was cool and bright,  
And we walked with all our might,  
Seeing in the Old World and the New  
The Truths that we had learned.

Three ships were anchored by the sea,  
Similar to those that brought Boston  
Tea;

So we went aboard and had a look  
At the things we'd been taught from  
the history book.

We saw Powhatan's Lodge and Fort  
of Old;

The souvenirs were many and a  
story told,  
But more time we needed to see  
everything, so

Back to the Island someday we'll go.

The day, we think, was spent very  
well,

With much to think about and tell.  
A friendly smile from those we met  
Made the trip better for all, you bet!

—Georgianna Barnes

When you start to gripe about  
growing old, stop and consider: many  
are denied the privilege.

### CADET TEACHERS HATED TO LEAVE ELEMENTARY SCHOOLS

Yes, the cadet teachers hated to leave the elementary schools of Elizabeth City in which they have had many and varied experiences. Some of these were: making and teaching an experience unit, teaching games on the playground, taking charge of devotions, carrying out a planned story hour, and setting up the classroom environment.

Some of the problems that the cadet teachers encountered were: discipline in the classroom, providing for individual differences, getting motivating materials, and teaching word recognition.

The cadet teachers at the Training School were: Catherine Granby, Shirley Wright, first grade; Janice Rogers, Amein Wright, second grade; Mary Howell, Lillian Turnage, second grade; Margaret Pierce, Jane Setzer, third grade; Joan Flowers, Ester Harvey, third grade; Bank Street: Mary Coffield, Vilma Lloyd, second grade; Mildred Horton, Lottie Claude, third grade.

### BRANCH AND HALL ARE CIAA LEADERS

Richard Branch and Freddie Hall of Elizabeth City State Teachers College captured the rushing and passing titles, respectively. Branch had an average of 110.1 yards rushing in 8 games. This also placed him 8th nationally for small colleges. Branch was also third in scoring with 53 points, and third in total offense with 881 yards. Hall captured the passing title by completing 24 of 43 aerials for 419 yards and 4 touchdowns. Hall also finished second in punting with an average of 25.6 for 33 punts.

## WITH THE GREEKS

### ZETA PHI BETA NEWS

The Alpha Gamma Chapter of the Zeta Phi Beta Sorority recently welcomed to their family four young ladies: Carolyn Jones, Adeline Price, Beverly Howard, and Lillian Hollowell.

Now that they have crossed the burning sands of Greekdom, they are still striving toward the perfection of Finer Womanhood. They believe that "Once a task is begun, never leave it until it's done. Be the labor great or small, do it well or not at all."

### HOUSE GOVERNMENT COMMITTEE AND JUNIOR COUNSELORS INSTALLED

The official installation of House Government Committee members from both Bias and Doles Halls and also Junior Counselors was held during the regular Assembly on Wednesday, November 6.

Preceding the actual installation, a skit was presented by members of both groups, depicting curious and pessimistic freshmen in a dormitory "buzz session". In search for answers to their many questions, they invited committee members and a Junior Counselor to help them settle their problems. When the curtain fell, the once-pessimistic freshmen were convinced that the House Government Committee members were there to help make their college career a happier one, and they wanted to join the Committee.

At the end of the skit, House Government members and Junior Counselors assembled on the stage and took their pledge as it was administered by Mrs. Rae E. Williams, Dean of Women.

### PANEL ON SORORITIES AND FRATERNITIES HELD IN BIAS HALL

The Junior Counselors held a panel discussion on fraternities and sororities in the Bias Hall Lounge on Sunday, November 17.

This program was arranged because the Junior Counselors, who have pledged their assistance to freshman young ladies, felt that this is the time when students are, no doubt, confronted with many questions about their interest or non-interest in sororities.

Members of the panel were Miss E. A. Johnson, Dr. E. B. Winston, and Mr. R. L. Vaughn, who discussed the pros and cons of Greek Letter Organizations.

Misses Vivian Markham and Sara Heckstall were the counselors in charge. Some freshmen young men were also in attendance.

A collation was served during the question-and-answer period.

### PYRAMIDS SPONSOR BENEFIT DANCE

The Pyramid Club of Delta Sigma Theta Sorority, Inc. sponsored the Annual Benefit Dance in the Recreation Hall on November 16. The purpose was twofold: to have an evening of fun and to collect some garments and toys to be given to needy persons in the community.

Each person attending the dance brought an article which was put in a large red and white box placed at the entrance. This was the price of admission.

The Hall was beautifully decorated in the colors of the Sorority, and although a number of students were away for the week-end, those who were present greatly enjoyed the dancing. Pyramid Punch was served during the intermission.

It was the first dance for several weeks, and students returned to their dormitories happy, after having had a very pleasant evening with the Pyramids.

### JAMESTOWN

(Continued from page two)  
Princess and the old graveyards.

On our way back we stopped by the Mariners' Museum in Warwick, Virginia. This is a fabulous place with ship models of all types and practically everything one would find or use in sea life.

There are many more details and much more to tell, but it will have to wait until I come home.

This direct experience with our early history, for me, made the past live again. The entire trip was exciting and most educational. I do hope that you will have an opportunity to share the same experience before the expedition closes. The next celebration will be in the year 2007.

Your sister,  
Evelyn L. Harris

What most folks are seeking these days is less to do, more time to do it in, and more pay for not getting it done.
