

MAJORETTES

Winston-Salem Downs Elizabeth City

The Winston-Salem Rams defeated the Elizabeth City Pirates in a fast moving contest. Nelson Guthrie started the Rams attack with an 85 yard touchdown after an 11 yard punt return. He was followed by Brown, Adams, Mayo and a host of teammates in their efforts to defeat the Pirates. The Pirates attack was highlighted by the playing of Horace Jones, a Freshman halfback from Virginia, who scored twice. The first one on a 23 yard play from scrimmage and the second on a 75 yard interception. Tommy Liverman also sparked the Pirates with his very colorful running, although he did not reach the scoring column.

Pirates Suffer Defeat

The Elizabeth City State Teachers College Pirates suffered their second consecutive loss at the hands of the Norfolk State Trojans. It was a hard fought battle until halftime as the score was tied at 14 all. The Trojans came back in the second half to score 28 points while holding the Pirates to 6. Mickey Harper, Fletcher Snipes, and George Craig scored for the Pirates. Edmonds and Gordon had the final score was Norfolk State 42, Elizabeth City 20.

Cosmetology News

With an enrollment of twenty-two, the Cosmetology class of 1960 is off to a very good start.

The first class club meeting was held on Monday, October 3, 1960, at which time the officers were elected. The officers are as follows: President, Mrs. Maxine Banks; vice-president, Miss Katrina Jordan; secretary, Mrs. Doris Abbott; treasurer, Mrs. Willie Simmons; and financial secretary, Miss Verna White.

The club colors are black and white; club name: The Cosmetologist; club motto: "Beauty is our Goal; There's Still Room at the Top."

The club has a song in the tune of "Danny Boy," written by Waddie Harrison and Alma Collins, Class of '60.

COSMETOLOGY CLASS SONG

Dear S. T. C. we love the best of all. We'll strive to keep your beauty standards high.

To us your beauty always is our goal. For you, our true love we'll ever hold.

Chorus:

We practice all we know; we learn; we study.

To keep our aim and love so true.

To thee we promise always to be faithful,

And hope that you will always love us too.

Reporters are Della Russell and Katrina Jordan; and the advisor, Mrs. Lillian Emery Duers.

Trees and fields tell me nothing. Men are my teachers.

—Plato

S. T. C. s' New Head Football Coach

Mr. Arthur Brown is our newly-appointed head football coach. He graduated from Wilberforce University of Wilberforce, Ohio. Upon graduation, he served as backfield coach at his Alma Mater. He has also been head coach at Edward Waters College, Jacksonville, Florida; Claflin University, Orangeburg, South Carolina; Benedict College, Columbia, South Carolina; and Livingstone College, Salisbury, North Carolina.

Coach Brown said, "We have a young ball club composed of Freshmen and Sophomores. At this point they seem to be maturing." The old fellows have shown quite a bit of team ability. In this area are: Walter Thomas, George Craig, John Harper, Roscoe Hager, Fletcher Snipes, William Long, James Phillips, James Woods and Robert Baker.

The new fellows are: Earl Francis, Stanley Franklin, Jamie Griffin, Joel Howell, Horace Jones and James Pittman.

"The past scores do not indicate the team's potentiality, and at any time you can expect to see a representative team."

Are We Still Alive?

Is it not true that the liveliness of any person lies within the way he talks, acts, and, above all, the way he expresses his emotions in various situations? If this be true, then why don't we students at S.T.C. WAKE UP! LIVE! and GET THE SCHOOL SPIRIT!

Although our football team has not been successful this year, we still should not hesitate to support our players, where ever they are on the field. Let's let them know that we are behind them one hundred percent, whether they win or lose.

If you will see to it that one student yells and let that one be yourself, then everybody will yell while at the games.

Who Will Be Our Next President?

As we know, this is National Election year again, as is every four years. We also know who the candidates are for the Presidential Elections which will take place on November 8, which is the second Tuesday in November.

On Tuesday, November 8, citizens from every state across the nation will be going to the polls to cast their votes for either Mr. Kennedy or Mr. Nixon.

For the past eight years Mr. Eisenhower has held the highest office in the land. Now this year we are faced with that one extremely big problem. Who will be America's President for the next four years? Only you, the citizens of the United States, can answer that question by voting either Democratic or Republican on November 8.

Each voter should have in mind the man he or she feels would make the best President. He should have in mind some of the expectations, ideals, qualifications, and characteristics he should possess.

It is quite fitting for one to think in terms of the expectations, ideals, qualifications and characteristics of the individual whom he shall vote for as our next President. However, who as Negroes should ask ourselves the chief question: Am I voting for the man who will be most concerned with the civil rights of the Negro? Also, does he happen to be familiar with the labor problems, educational problems and other problems of the Negro, and especially those of the Negro?

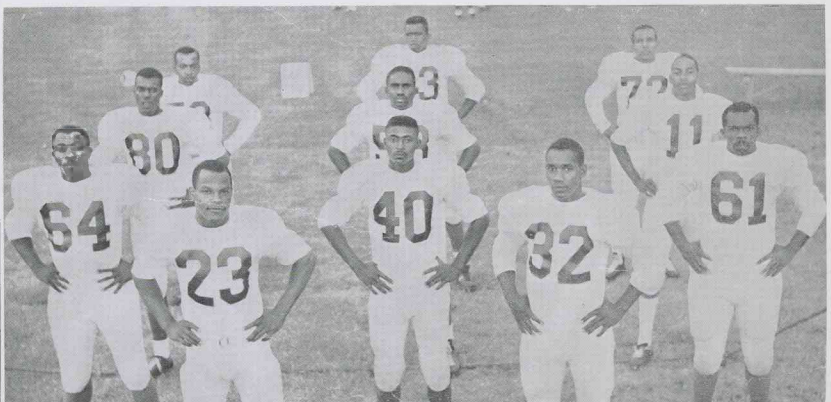

So instead of voting unwisely, suppose we think twice before casting our vote, for this vote may determine who will be America's next President.

Placement of Grads

(Continued from Page 1)

Other placements are: Janies A. Malette, Farmville, North Carolina; Ruth C. Mattison, Elizabeth City, North Carolina; Barbara E. Moye, Edenton, North Carolina; Ruby McCoy, Cape Charles, Virginia; Lois A. Parker, Gumberry, North Carolina; Carol A. Respass, Maple, North Carolina; Marion Y. Ricks, Portsmouth, Virginia; Pecola J. Simmons, Capeville, Virginia; Ellen M. Sims, Wilson, North Carolina; Laree D. Swain, Delsware; Shirley M. Whitaker, Enfield, North Carolina; and Barbara A. White, Snow Hill, Maryland.

WELCOME ALUMNI!

FOOTBALL TEAM

Three Summer Workshops Held

Three workshops were held at Elizabeth City State Teachers College for the summer of 1960; the Reading Workshop guided by Mrs. Tillie Kyle, head of the Reading Clinic; the Elementary Mathematics Workshop under the direction of Dr. G. D. Kyle, chairman of the Science Department; and the Workshop directed by Mrs. D. E. Thomas, associate professor of biology.

The Reading Workshop had an enrollment of 69 teachers, representing 24 counties in North Carolina. Some of the reasons or purposes for attending the Reading Workshop as given by these teachers were: (1) inappropriate training in reading instruction at the undergraduate level; (2) misconception of the nature of reading and psychological approaches to presentation of materials; (3) failure to understand individualization of instruction within group situations; and (4) inadequate background in word attack skills and methods of teaching vocabulary.

Interesting Math Projects

In the introduction of the Elementary Mathematics Workshop program Dr. Kyle stated: "Recent surveys have shown that the mathematics curriculum in many elementary schools today is little or no different from that a century or more ago. Such a curriculum virtually ignores the tremendous growth and new application of mathematics in recent years and fails to recognize the new spirit of this science, not only as a tool for problem solving, but also as a study that can use creatively and imaginatively the full power of the human intellect."

The Elementary Mathematics Workshop program was guided by three main objectives:

1. To arouse general interest in the manipulation and use of elementary mathematics.
2. To expose the members of the workshop to some of the revolutionary ideas in elementary mathematics.
3. To provide such activities that are carried on by each individual participating.

Many interesting projects were carried out by the thirteen students participating. A mathematical dueler-on-electrical device for giving mathematical questions and answers was developed; a chart showing how to work fractions from music, and domino magic square and its importance toward learning elementary mathematics.

On Friday morning of July 22, at 10:30 a.m., an exhibit was open to the public in room 215 in Lester Hall. Some two hundred persons passed through the room between 10:30 a.m. and 1:30 p.m.

Integrated Science Program

The workshop in Elementary School Science was held July 4—July 22 in Lester Hall. Thirty-two persons were enrolled and classes met daily for three hours. Participation earned three semester hours of credit.

Serving as consultants were:

Audio-Visual Aids

Mrs. D. W. Robson—State Supervisor of Elementary Schools, Raleigh, N.C., and Dr. C. W. Pettigrew, Department of Education, State Teachers College, Elizabeth City, N.C.

Electricity and Magnetism

Mrs. H. L. Thomas, Maintenance Department, Elizabeth City State Teachers College, Elizabeth City, N.C.

Workshop Evaluation

Mrs. Minnie L. Woodson, State Supervisor of Elementary Schools, Raleigh, N.C.

Each participant completed the following projects: Set up a balanced aquarium, constructed an electric questioner, preserved a specimen, prepared an experiment file and collected materials for an integrated course content program for the elementary school.

Ushers Guild Organizes

The members of the Ushers Guild held their first meeting in Room 106 of Moore Hall at 6:30 P.M. on September 27, 1960.

Yvonne Gould, a senior, acted as chairman for the meeting until the officers for the year of 1960-61 were elected. There were a large number of new members present, and business began to get underway immediately.

The following students were elected by a majority vote: Yvonne Gould, President; Carinda B. Jones, Secretary; and Charles S. King, Treasurer. Many suggestions were made during the meeting and many interesting facts were stressed in connection with the rules and regulations of the Ushers Guild.

Mrs. Georgia L. Smith, faculty advisor to the Ushers Guild, greeted the new members with a hearty welcome. She also emphasized the proper dress for formal and informal occasions.

Mrs. Georgia L. Smith, faculty advisor to the Ushers Guild, greeted the new members with a hearty welcome.

Let's Support Our Team

Most of us know from experience that we do our best when someone is urging us. The same holds true for our football team. The players will play harder than they normally would if there were cheering throughout the game.
