

### Panthers Slip By Pirates

The Virginia Union University Panthers came from behind in the final ten seconds at the game against the State Teachers College Pirates to win 76-75. The Pirates initiated the scoring attack and led up until the final seconds of the game. The first half ended with the Pirates holding a 44-32 edge.

Bruce Spraggins, the CIAA scoring leader, and "jumping" Jackie Jackson, CIAA rebound leader, led the determined Panthers as they came back in the second half. Jackie Jackson amused the fans with his "dumpp" shot. The Virginia team displayed great pride and teamwork in such a closely fought contest.

Henry Hager was the Pirates' highest scorer with 25 points, followed by Marvin Trotman with 15, and Mayfield who had 12. Snipes accounted for 11 markers. Although Jackie Jackson leads the CIAA in rebounds, the combined efforts of freshman sensation Willie Francis, Fletcher Snipes and Henry Hager gave the Pirates a respectable portion of the rebounds.

The Pirate fans left the game sad because their team lost a heartbreaking decision, but they were happy also because of the good display of basketball they had witnessed.

### Pirates Baseball Campaign Underway

Baseball spring training for the Pirates is due to start in two weeks, that is, if the weather is still holding up the hill.

Coach Tom Caldwell is looking forward to the CIAA Championship this year because of the increase in freshmen players and the loss of only three players from last year's squad.

The pitching staff for the Pirates is very strong, with Billy Kitchen and Jasper Evans, right handers; while James Henry and Brady Johnson are our southpaws. Johnson, a letterman from 1958 just returned from a tour of duty with the United States Army.

The infield will be short of one man, Calvin Williams, who played the second base position. Phairlever Pearson could be his successor. Or it could be some able bodied freshman.

The outfield has two of its three field positions covered by last year's starters, but there is a question as to whom shall be the third man.

Coach Caldwell seemed very pleased with the material that he has, especially his pitching staff. He said, "With little hard work we can easily walk off with the championship."

### Dr. Wang in Social Studies

The college family extends to Dr. Chi Kao Wang, Mrs. M. A. Franklin, Mrs. C. P. Bell, Miss Mozelle Issac, Dr. Melford Caldwell a most sincere welcome to the campus of Elizabeth City State Teachers College.

Dr. Chi Kao Wang and family came to the United States as immigrants from China in April, 1957. He and his wife are the parents of two sons and one daughter.

He received his education from several colleges and universities: Tsing Hua College, Peiping, China, Bachelor of Arts in Political Science and History, Ohio State University, Master of Arts, University of Chicago, and Ph. D. in Comparative Government and Political Theory, Columbia University.

His experience has been highly distributed into many fields of education including: Professor of Political Science, National Central University, Nanking and Chungking, 1934-

### Pirates Crush St. Paul 104-72

The bleachers were packed at Williams Gymnasium to witness a thrilling, action-packed, basketball game between the Pirates and St. Paul's Polytechnic Institute of Lawrenceville, Virginia.

The Pirates started off with a small lead and increased it to 47-28 at the midmark. Francis, Hager, H., and Snipes cleared the boards for the Pirates during the first half to put the Pirates in a safe position.

The second half scoring space was led with Brady Johnson scoring 21 points. To lead the Pirates second was Henry Hager with 19. The high scorers for St. Paul's were T. Howell with 24 and Moore with 15 points.

### Pirates Clip Falcons

Our famed home Pirates clipped the Falcons of St. Augustine in a CIAA basketball game for their second win over the Falcons this year. The score was 101-80.

The first half was very thrilling with the Pirates out front with a close margin of 47-43. The lead, however, shifted about four times during the first half.

The second half was a turning point for the offense of the Falcons, for the Pirates used a switching man-to-man defense, and after about four minutes of the second half they had pulled away by a 12 point margin. Marvin Trotman led the Pirates scoring streak with 37 points, while Henry Hager came in second with 21.

The Falcons' high scorers were Linsey with 23 and Walker with 15. Both played a very good defensive game, but were no match for the feet Pirates.

### U Unscramble

- Who said? "Of those to whom is given, much is required." NKEYEDN
- The Negro leader, who will be honored by a benefit show at Carnegie Hall is TARIMN TELRUH GKNI
- What are the names of the two Negro students who registered at the University of Georgia? AYNHCRELA ENHRUT
- and TNMIOLAH ELSHMO
- Name the civil board that scheduled airlines on Capital Airlines. TNAECOSIUR
- What is the name of a valley near Jerusalem where refuse was dumped and burned? PTOEH
- Who was the writer of this poem? "The Vanity of Human Wishes." ESUMLA HSNJONO
- What is the name given to a slightly movable joint? PRMATSOHIRISAH
- Name the man who helped to make Russian Opera popular in the United States (1873-1939). DOFROE OTVNIAHUTCI
- Give the name of the tiny animal that leaps like a Kangaroo. BROIAE
- What country has no squirrels? SLITARUAA
- Name a wood louse. PLDMIEIE
- Name the drug which is used to prevent hemorrhage during parturition. GRTOE
- Something new from Western Electric. PICSPNSE OENHP
- It took 26 years to build the main body of RISEGATIR

### S. T. C. Debaters Observe M. A. D. T.

Six students from Elizabeth City State Teachers College attended the Middle Atlantic Debating Tournament at Hampton Institute Saturday, February 18, 1961. They were Leonard Slade, Margaret Russell, Thelma Dilahut, Ernestine Lyons and Brady Johnson. The faculty member in charge was Mrs. Helen Caldwell, a speech therapist, here at State Teachers College.

The colleges and universities that participated in the tournament were: Morgan, Baltimore, Maryland; A&T, Greensboro, North Carolina; Washington University, St. Louis, Missouri; Virginia University, Richmond, Virginia; and Dillard University, New Orleans, Louisiana. The competition among the various schools was relatively stiff. However, a winner had to be chosen, and it was Washington University of St. Louis Missouri. Morgan College of Baltimore, Maryland obtained second place. The teams debated on the national topic "Resolved: THAT THE UNITED STATES SHOULD ADOPT A PROGRAM OF COMPULSORY HEALTH INSURANCE FOR ALL CITIZENS."

Each member of the team chose the team which he wanted to see and then went to that room where this particular team was assigned. After listening to the well organized debates, the group was served lunch in Macedonia Hall.

### New Students Impressions of S. T. C.

I think the campus is very attractive. I like the architecture of the buildings and also the food served in the cafeteria.

—Shirley Austin

I think S.T.C. has a very nice campus with the exception of the area West Lodge, which isn't completed at the present.

—Charlie Jeffries, Jr.

I like the campus and most of the students and instructors that I have come in contact with.

—Mary Hester

In coming to this campus I found it very easy to get acquainted with the students. I don't know if my past experience with college students makes any difference or not. But on a whole I think that there is a warm relationship existing among the college family.

—Alice Pompey

The students are very friendly and some of the instructors are nice.

—Shirley Kiser

Elizabeth City State College has a warm community and is friendly. Closeness is extended by most of the students, which isn't found at many colleges.

—Irma Jean Mc Kenzie

I think the college campus is O.K. and the students are pretty nice.

—Jerry Jones

### Jabberwock to Aid Scholarships

Delta Chi Chapter and the Elizabeth City Alumnae Chapter of Delta Sigma Theta, Inc., will present for the first time its Annual Jabberwock in Moore Hall auditorium, March 25, 1961, at 8:00 P.M.

The theme for the occasion is, "Flights into Fantasy." Young ladies from surrounding high schools will compete for Miss Jabberwock. The Jabberwock will consist of different activities sponsored by various organizations. The activities will be competitive and non-competitive.

The Jabberwock is given for the benefit of scholarships.

Tickets may be secured from any Delta on Campus.

### Meeting the Audio-Visual Communication Need Through TV

The audio visual media of communication are mainly motion pictures, radio and television. The newest of these devices is the television which for the last ten years has become the most demanding in audio-visual communication. This is due to the fact that it can reach the masses with very little effort.

The ability of television to reach out to millions of people has caused educators to think seriously of its educational values. In doing so he has found unlimited values in this area. Television can offer a picture supplement similar to that of motion pictures, slides and filmstrips. It can furnish the excitement of live participation, increase the initial learning and the scope and permanency of learning in an individual. With these and many more values in mind the educator has decided that television is one of the answers to teaching the masses.

Educators are, therefore, setting up educational television stations in major colleges and universities. This is where they should be. A good example is found here in our state, North Carolina. We have an edu-

national television, WUNC, Channel 4, in Chapel Hill, which is devoted to bringing television programs of learning. This television center, supported by the University of North Carolina, has proved to be very successful. One very recent experiment conducted by a major college was the teaching of the illiterate through educational television. The students at this college had found that statistics show that everyone looks at television, even the illiterate. By putting on a campaign for audio visual instruction through television they were convinced of its unique usefulness. They designed programs to teach the illiterate. They taught those with little television ability. They reached into every corner, valley, alley, and out-of-the-way place . . . . . to teach people how to read and write through television.

Educational television and other media of communication are hastening the time for the peoples of the world to learn their daily work. For this reason, educational television will continue to bring the many new concepts of learning to the masses of the world.

### Alpha Phi Omega Fraternity Presents Flag

Candidates for membership in Alpha Phi Omega Fraternity, an organization of former Boy Scouts and Veterans, raise a new flag after a ceremony in the College Assembly.

### Additions to S. T. C. Staff

As the new semester came in, new faces appeared on the campus. We are indeed happy to welcome new members to the faculty and advisors of Elizabeth City State Teachers College.

Among these new additions are Mrs. C. P. Bell, Miss Mozelle Issac, Dr. Melford Caldwell, Mrs. Mary A. Franklin and Dr. Chi Kao Wang.

Mrs. C. P. Bell from Greenville, North Carolina, is now head librarian. A graduate from Agricultural and Technical College in Greensboro, North Carolina, she continued her studies for a Master's degree in Library Science at North Carolina College. Mrs. Bell is now presently engaged in Masters study at Queens College in Flushing, Long Island, New York.

Miss Mozelle Issac, who is the new assistant director of Bias Hall, brings a pleasing addition to the campus. Miss Issac comes to us from Columbia, South Carolina. Being a former director of the Y-Teen in her home town, Miss Issac has accomplished much experience in working with young people. Miss Issac was influenced to come to Elizabeth City State Teachers College by her readings and by former residents of the college telling her what a wonderful place it was to work.

Dr. Melford Caldwell, also from the state of South Carolina, is heartily welcomed at Elizabeth City State Teachers College. Dr. Caldwell obtained his B.S. degree at South Caro-

lina State in 1949. He also obtained his M.S. degree there in 1950. Dr. Caldwell joined the U. S. Air Force in 1950 and attended Officers Cadet School where he graduated as Second Lieutenant. He entered Air Commission and Staff School in Alabama. This was completed in 1953. Then he returned to San Antonio as Captain Commander of 13715 Basic training squadron. Dr. Caldwell received his Ph.D degree at Ohio State University. He joined the staff of Ohio State University and remained there until coming to Elizabeth City State Teachers College. Here he is Professor of Education, head of the Reading Clinic, teacher of Psychology, Audio-Visual Aids, and The Secondary School.

Mrs. Mary A. Franklin comes to us from Wilmington, Delaware. She obtained her B.S. degree at the University of Buffalo. She did her post graduate work at Harvard University, while on a National Science Foundation Fellowship. Before coming to Elizabeth City, she taught at West Virginia State College, and in Brooklyn, New York. In Brooklyn, she also worked in the field of Public Relations. At Elizabeth City State Teachers College, Mrs. Franklin is a Physical Science and Mathematics instructor.

—Carolyn Mosely

The old-fashioned bride had her men carefully thought out. Today's bride has hers carefully thawed out.
