

Noted English Lecturer and Writer Speaks for Assembly

Mrs. Recheen Eilan, a noted English writer and lecturer, was presented by the Delta Theta Chapter of the Alpha Kappa Alpha Sorority and the Ivy Leaf Club. Mrs. Eilan, who was born and educated in Europe, went to Israel in 1948. She now serves as Minister Plenipotentiary at the Israel Mission to the United Nations.

The title of Mrs. Eilan's discourses was "Israel — A FUSION OF AN IDEA AND A REALITY." In this speech she showed us that the effect of the belief in one God and in human equality; the establishment of basic social institution and the education of the people; the cultivation of barren soil and the growing migrating of Jews back to Israel had on the country. These things enable Israel to stand straight and strong in the face of opposition. Mrs. Eilan also pointed out how the strong belief of the Jews and their togetherness had enabled them to overcome many obstacles.

Sonor Mary H. Puryear presided over the program. Other participants were Patricia Duren, a sophomore who sang "THE SPIRIT FLOWER" and Ina J. Lenton, a senior.

Mrs. Alma Newby and Mrs. Dorothy Robinson are advisors to the group.

College Day President Meets Trustee Board

Co-ed Martha A. Purvis, senior, Rocky Mount, N. C., took over as "President" of Elizabeth City State Teachers College on the 21st Annual College Day. Topping the day's activities was a meeting with the Board of Trustees in the conference room of the R. Little Library.

Being a president is nothing new for Miss Purvis, for she is president of the Senior class, of the Women's Government Association, and of Delta Chi Chapter, the undergraduate chapter of Delta Sigma Theta Sorority. Martha is also vice-president of the Thalia Sorosis Club. This young student leader is an Elementary Education major at the college.

On March 28, 1959, under the administration of Dr. John H. Bias, the North Carolina General Assembly voted to change the name of the institution from the Elizabeth City Colored Normal and Industrial Institute to Elizabeth City State Teachers College, and to establish a four-year academic program. This milestone in the college's growth is commemorated by the Annual College Day observance.

"The Man Who Quits"

The man who quits has a brain and hand
As good as the next, but he lacks the sand
That would make him stick with a courage stout
To whatever he tackles and fight it out.
He starts with a rush and a solemn vow
That he'll soon be showing the others how;
Then something new strikes his roving eyes
And his task is left for the by and by
And he quits.
It's up to each man what becomes of him.
He must in himself get the grit and vim
That brings success. He can get the skill
If he brings to the task a steadfast will.
No man is beaten till he gives in,
Hard luck can't stand for a cheerful grin;
The man who fails needs a better excuse
Than the quitters' whining. "What's the Use?"
For the man who quits lets his chances slip
Just because he's lazy to keep his grip.
The man who sticks goes ahead with a shout;
While the man who quits joins the "down and out."

College Choir A Class

People misinterpret the college choir as just another extra-curricular activity, but it is more than that. The choir is a class, too! Yes, more or less an ordinary class like Biology or English.

First of all, grades are given in the choir, and tests (musical) are taken. During choir rehearsal, after the music is distributed, notes, true tonal quality, balanced harmony and timing are things emphasized for one solid hour Monday thru Friday — and sometimes Saturday!

Whereas some will rate quite well in their favorite subjects, the average student would do well in such a joyful, pleasant class as music (choir).

SLADE DEBATES

An Intra-Club Debate Presented

The Debating Society presented an Intra-Club Debate. The debate resolved: "That the United States Should Increase Its Foreign Aid Program."

The significance and purpose of a Debating Society were given by Brady Johnson. He stated the debates are designed to teach students to distinguish between vital and important information, to present ideas in a clear manner, to encourage critical thinking, and to develop speech and leadership.

He also gave the highlights of the District College tournament which was held at Hampton Institute.

The affirmative debaters were Margaret Russell and Brady Johnson. They presented proof that America should increase its foreign aid program, America can maintain a strong nation and thereby maintain world peace.

The negative debaters were Thelma Dillahaunt and Leonard Slade. They presented proof that the United States should limit its foreign aid. There should be aid given here in our own country before sending aid to other countries. They also stated that to increase foreign aid does not mean that we will have world peace.

Rebuttal speeches followed with Ernestine Lyons serving as moderator.
