

OPINIONS OF STUDENTS CONCERNING VARIOUS CANDIDATES

At first I would like to say that the Student Council Representative and Miss ECSC aren't well-known to me, but nevertheless I think that they can do the job and I'm almost sure they will put their "best foot" forward.

The candidates running for student offices at Elizabeth City State College should make themselves better known. Printing posters and bulletins are part of the process for making one known, but I think the candidates should make themselves known more personally.

Frankly speaking I do not know any of these candidates. They should have made themselves more popular in the academic situations. I do believe that one who shows the honor and the leadership of these positions should be qualified.

I don't know anything about any of the students other than some of the names. The ones that I know by name I don't know enough about to tell if they would be, or would not be, the best persons for the positions they are trying to get.

I think Vernon Perry is the man for the job of President of the student body. Dickerson is alright but I wouldn't want him to represent me as a leader and Powell--well I won't comment.

I don't think Dickerson is the man for the job. He doesn't look ready to accept the responsibilities of Student Council President.

Joyce Scott lacks the personality that a college queen should have. She should be more friendly.

It would be well if all of the candidates would keep in mind that it's nice to be important and important to be nice.

I don't know Dickerson; he should make himself known to the students. Perry, I believe would be a better leader, not because I know him but because he has the ability.

I don't think Perry is the man for the job. He seems mature enough but I feel he is not qualified for this particular job.
