

A call for action

For the first time in the history of the movement, national third world organizations are joining with the antiwar movement in conducting the spring offensive for peace and justice.

At this moment the National Welfare Rights Organization headed by Dr. George Wiley, and the Southern Christian Leadership Conference directed by Dr. Ralph Abernathy, are bringing their constituencies into this spring's activities. The decision to do so is based on the agreement of large segments of the peace movement to respect on a parity the questions of social justice and peace. These questions represent themselves in the 3 demands of:

1. Immediate total withdrawal from Vietnam by a set date.

2. \$6,500 minimum annual income for a family of four.

3. Free all political prisoners.

Mayday Movement calls for mass support for these actions:

April 1-4: TRIBUTE IN ACTION TO MARTIN LUTHER KING, JR. - Support for SCLC - NWRO call for action on the theme: "Freedom from hunger, war and repression."

Focus on SCLC - NWRO demonstration on Wall Street. Nationwide local activities such as: Hunger marches to dramatize hunger for jobs, housing and peace; Fast; Teach-ins and other special programs in schools on April 2; Tax Protest and Resistance activities on a community level relating to reordering priorities; Rallies on April 3; Religious Tributes to Martin Luther King on Sunday April 4.

People will be urged to live on Welfare food budget the week of March 28 to April 3. Local WRO's

will sponsor welfare dinners April 4. (Money collected from Hunger Marches, Fasts, and Rallies will be sent to National Welfare Rights Organization, 1419 H. St., N.W., Washington, D.C. 20005). April 5-9 NEW YORK CITY, SCLC and PEOPLE'S COALITION. Demonstrations, including militant non-violent civil disobedience at Wall Street to dramatize demands of America's poor.

We cannot stress enough need for everyone to support and involve themselves in the early April actions. We will suffer from our inability to reach out to other oppressed human beings if this period goes by without our personal involvement.

The FCSU Viking matmen are dynamic again this year. They have an overall record of 9-4, and are undefeated in the CIAA conference with a record of 5-0. They possess a record of 4-2 in the NAIA conference.

For the small size of the school, the Viking matmen carry one of the strongest wrestling teams throughout Eastern Carolina. They have faced such opponents as East Carolina University, Appalachian State University, Western Carolina University and the University of North Carolina in Wilmington.

The dynamic Viking matmen were NAIA Champions in 1970 and hope to uphold the title again this year.

The squad is well balanced and determined as usual. They are headed by captain, Samuel Thomas, junior from Virginia. He has been given the name of "Bobo the Bruiser" by fans and team-mates. Odell Cleveland is co-captain of the team.

experience along with ideas. He gets involved with the world.

If you want to be creative you will notice an individual gift within yourself. You have developed a zest that young adults use in creating.

The generation now is more curious, independent, aware, and courageous, and all these factors attribute to the awareness of creativity.

A heavy brain doesn't mean creativity. A person can take what he has learned and put it together in new unexpected combinations. Many people are interested in a wide range of activities which make them more interesting to be creative.

Don't think for one minute that one is born with a creative streak. The imagination genes are distributed among certain individuals. But some people feel that if you don't have it, you can't get it so why try?

Just look at yourself in the mirror as yourself, how creative can I be?

Challenge yourself with a test. I do not agree that not everyone has the talent to be the best, but it is original and different, you created it out of your originality traits.
