Alpha Kappa Alpha

The sorors of Alpha Kappa Alpha Sorority, Inc. would like to express a warm welcome to the Freshmen class and transfer students. We hope that you are happy with our environment, because it is necessary to your academic success.

Most of the sorors have shown evidence of a prosperous summer. We are pleased that twelve sorors are candidates for graduation.

Our soror, Vickie Midgette, won a trip to Hawaii by having the highest average in the Mid-Atlantic Region. Soror Midgette reported to us that the trip was very educational and gave her a chance to observe the culture of other Americans. The Mid-Atlantic region of the sorority consist of North Carolina and Virginia.

Xi Psi Chi

XI PSI CHI is a "Black - Brotherhood" founded on the campus of Hampton Institute by three men in 1967.

This is a Black - Brotherhood organization, not a fraternity (even though we used Greek letters), nor is it a social organization, as such.

Some primary goals of this Brotherhood are: to express Blackness to its highest degree; to show that Blackness is an inexpressed beauty, both internally and externally to show that Blackness is a gift to be proud of, and nothing to hold one's head down about. This Brotherhood has many other goals - too many to mention - but the primary goal in our epoch of endeavors is to get our people to THINK.

This Brotherhood is a direct offspring of the Black movement that is taking place in our present society. The ECSU chapter is Epsilon. There are six members on this campus. These members are: Stephen Hoggard, Wilford Steele, John Thomas, Van Clemons, Billy Pugh, and Charles Gibbs. The group is known as the Struggling Six. A title that is self - explanatory. The cordial reception by ECSU's students was pleasing to the Brotherhood.

This campus needs such an organization because of its originality, integrity, distinction, and well - meaning.
