Champion ECSU To Face Ten Grid Foes

This year nearly everyone in the conference wants to take a crack at the 1971 CIAA grid champions or the proud title holder wants to give almost everyone a chance. Either way you look at it, Coach Tom Caldwell's Vikings will face a long season according to the 1972 football schedule as released by Elizabeth City State University. With five contests at home and five on the road, it will mark

the first time that ECSU will play ten games during the regular season. Except for the grid opener against North Carolina A. & T. State University (MEAC), ECSU's major opposition will come from all five of the CIAA's Northern Division teams and four of the five Southern Division Contenders. The Vikings-Aggies encounter, September 9, will mark the first time that an Elizabeth City eleven, even

with A. & T. in the young series, has ever played at Greensboro. If there be any consolation for Coach Caldwell, who faces another major rebuilding year, it might be the fact that two of the three opponents who nipped the Vikings during the regular season, Virginia State College and Winston-Salem State University, must come to ECSU. Winston-Salem, who finally bowed to the Vikings in the CIAA's

championship contest, will be ECSU's Annual Homecoming foe, on Oct-

ober 21. The complete 1972 football schedule is as follows:

Sept. 9	North Carolina A & T	0-13
Sept. 16	Virginia State	0-38
Sept. 23	Norfolk State	Away
Sept. 30	Hampton Institute	Home
Oct. 7	Virginia Union	Home
