Zelene Bunch

Dear Trojan,  
Knowing you for the last three years has brought sheer excitement to my life. I will never forget our first rendez-vous in "The Village."  
Although we do not see each other as much as I wish we could, you stay on my mind more than my studies. Whenever I hear your voice over the phone, I long to be by your side. More than anything I wish that the two of us could share some time together during your spring break or mine.  
At the present moment, I am lost for words. I know you find that hard to believe compared to those "novel letters" that I write to you. All I can say now is I LOVE YOU!! In this Valentine greeting to you, I am sending this poem to you. The author is unknown but the person sending it to you will always exist hopefully in your life. The "TODAY" at the end is the person I really love—YOU!  
With my warmest love,  
Viking

Look Forward  
I've shut the door on Yesterday,  
Its sorrows and mistakes;  
I've locked within its gloomy walls  
Past failures and heartaches.  
And now I throw the key away  
To seek another room  
And furnish it with hope and smiles,  
And every springtime bloom.  
No thought shall enter this abode  
That leaves a tarnishing stain;  
And all malice and distrust  
Shall never therein reign.  
I've shut the door on Yesterday  
And thrown away the key  
Tomorrow holds no doubt for me,  
Since I have found TODAY.

Valerie,  
I really miss you a helluva lot, but baby we got nothing but time. Never worry because I love you more than life itself. If I had one magic wish I'd blink you here, but no need I'll be there soon. If you don't know love I'm gonna show it to you full speed. I love you once, I love you twice, I love you, love you and boy it's nice.  
Happy Valentine's Day, your

## Astrology Corner

by Marilyn Bond

Leo

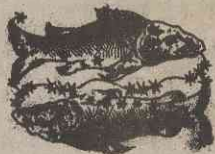

LEO: It is time for you to take the lead. Use your innate leadership abilities. You may meet many weak-minded people who need positive influences. Lead the horses to fresh water.

Gemini

GEMINI: What you think is love may be infatuation. You may meet someone who will take your attention away from your loved one. Respect other peoples' feelings; someone could get hurt.

Pisces

PISCES: Pack your bags; you may be going away for a weekend. Your Valentine will be very sweet to you. You may think there are bigger and better things out there, but your Valentine's the best.

Libra

LIBRA: You are having a ball away from home. You are doing "your own thing." You do not want to get too wild -- simmer down. Don't chase love. Be patient -- love will come to you.

Capricorn

CAPRICORN: This month your love life will be very exciting. You may have met the right person, but keep up your guard. Capricorns are very sensitive.

Scorpio

SCORPIO: Stop being so mean. Someone wants to wine and dine you. Don't be the loser simply because their mannerisms differ slightly. Beauty is skin deep. Something positive may come out of one date.

Taurus

TAURUS: Keep searching, you will find what you seek. You may be looking so hard that you're passing by your chest of gold. Take a closer look at your surroundings.

Cancer

CANCER: Your month was bright in the beginning, but watch out for would-be friends. They may stab you in the back toward the end of the month. Remember the more friends you have, the more enemies you have!

Sagittarius

SAGITTARIUS: Stop leading a boring life. Life is too short to be wasting time sitting around. Get up and get involved. I guarantee that there will be a definite improvement in your social life.

Aries

ARIES: This month may have begun depressingly, but there are brighter days ahead. You will start to meet a lot of people. It is up to you to set your limits. Remember that school is your first priority.

Virgo

VIRGO: You should learn to speak your mind and let people know how you feel. Do not let people take advantage of you -- they will try. If you dislike something, express your feelings to the proper authorities and you will see results.

Aquarius

AQUARIUS: You are under a unique zodiac sign. Good luck is coming your way - sooner than you think. This month you will have a positive outlook on several things. You will possibly receive a high score on a major test. You will soon go home and reunite with loved ones. If home is far away, you may be going to a friend's house for the spring vacation.

## Social Note

The Begonia Society convened at high noon on Saturday last at the home of Myra Smutley of 'Eavenly Shires, B.R. The agenda included a film of the world cruise of the Reginald Shanks family aboard the SS *Crustacean*; readings of original verses by Pedor Bernhardt; a musical duet by the Thrines, and a special appeal for the dying species of crimson twits made by Elder Ozbad.

It was noted by the founder of the society that Begonia may have been inactive for a brief period but she is now replenished and vitalized to take on any truly worthy cause -- no matter how large or small.

After the meeting was adjourned, the members enjoyed a special repast of buttered croissants, pate, and pink champagne.

# HAPPY BIRTHDAY Robin

Dear Bernie,

The distance between the two of us has built my faith and love for you. Words cannot express how I feel for you. I am glad that God created you. I will always remember that regardless of what we face together, I will still be your "Mess." The song says "with you I'm born again." I LOVE YOU!

With all my heart,  
Mess
