

THE C.I.A.A. GOLF CHAMPS: From left to right—Sam Puryear, George McClendon, Earl Puryear, and Ostel McKnight.

Rams Win C.I.A.A. Golf Title

The Winston-Salem State College Rams have won their sixth Central Intercollegiate Athletic Association Golf Tournament, by a margin of 46 points.

The defending C. I. A. A. Golf champs finished their regular golf season play last week. The Rams won 4 out of 6 matches this year. They defeating Livingstone College, St. Paul College, Howard University, and Morgan State College. The two teams who defeated the Rams were Howard and Morgan, in a

triangular meet in Washington, D. C.

The Rams will lose Ostel McKnight a senior, but Sam Puryear, Earl Puryear, Everett (Doc) Payne, and George McClendon will return next year.

Sam Puryear of the Rams won medalist honor in a sudden death playoff with teammate Ostel McKnight.

He copped the championship trophy with a bogey on the 394-yard, par four, first hole, Winston Lake Golf course. McKnight

recorded a double bogey on the hole to lose. Puryear a native of Winston-Salem, fired the lowest round of the tournament, a 79 on the opening day. He closed with an 84 for a total of 163, matched by McKnight, who recorded 81-82. McClendon had 180 for two days, while the latter Puryear had 175.

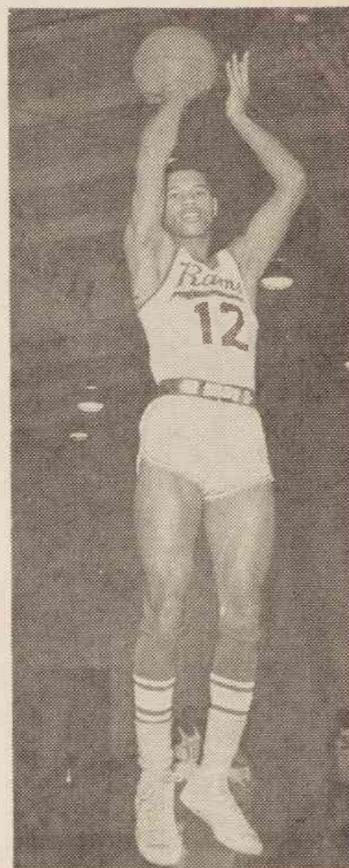

Other team scores were Livingstone, 727 for the second place trophy, Morgan State, 756, Howard University 761, and St. Paul's College 813.

Blunt and Glover Get Trials For Olympic Basketball

Ted Blunt, the Little Magician, and Richard Glover, the big pointmaker and rebounder for the Winston-Salem State Rams, climaxed a good 22-4 season for the Rams by being selected for the Olympic tryouts in March.

Both players were picked for action with the N.A.I.A. (National Association of Intercollegiate Athletics) team in Kansas City, Mo. Neither made the final Olympics team, however, but both of them showed well. Along with Ernie Brock of Virginia State, they were the first C.I.A.A. players given the opportunity to seek Olympic berths in basketball.

Glover and Blunt, however, did achieve recognition as all-C.I.A.A. players. Blunt was also the most valuable player in two tournaments, the Georgia Invitational in Atlanta, Ga., and the Holiday Festival in Winston-Salem. Both tournaments featured national competition.

TED BLUNT

Glover and four other seniors, Mickey Smith, Willie Curry, Louis (Left Hand) Parker and Charles Simmons, played their last games for the Rams this past season.

The Rams ended the season with the best won-lost record, 17-3, in C.I.A.A. competition, but finished in second place to A&T, 15-5, based on the Dickinson Ratings. The Rams also won two tournaments, the Georgia Invitational and the Holiday Festival.

They beat A&T in two of three meetings this season.

Blunt will return to the team next season. Other returnees will be Joe Cunningham, Ted Ratchford, Earl Monroe and Gilbert Smith, among last season's lettermen.

The Rams once more will be eligible for post-season tournament play after a one-year suspension.

John: Father is it true that when one comes into the world he comes from dust?
 Father: Yes, son.
 Well is it true that when one leaves the world he goes back to dust?
 Father: Yes, son.
 Well, father, you better go up stairs and look under that bed. I bedog if somebody ain't going or coming one.

Mrs. Evans Enjoys Ram Track Team Dormitory Life

"Working with young ladies is no problem," Mrs. Dorena Foushee Evans, assistant dormitory director, said in a recent interview.

Mrs. Evans stated that she likes working in the dormitories very much. She said she is familiar with working as a dormitory director because she did this type of work for two years at Bennett College in Greensboro.

"I think it is important that I should be helpful to the girls and direct them to answers of their questions to the best of my ability," Mrs. Evans said. She expressed that she finds the girls to be very co-operative.

"I do not prefer working with any particular group; I like to work with different groups," Mrs. Evans said.

"Particular qualities I look for in girls are honesty and a sense of direction.

"I think girls should know their aims and purposes," she said. She further stated that working with people gives her a sense of satisfaction when she feels that she has helped them in any way.

Mrs. Evans is a native of Chapel Hill. She was graduated from Bennett College, majoring in Elementary Education. She did further study at North Carolina College. She taught kindergarten.

Don't worry if your job is small
 And your rewards are few,
 Remember that the mighty oak
 Was once a nut like you.

Ram Track Team Finishes Season

The Winston-Salem State College track team did not have a winning year this past season. Coach George Walker predicted a better record next season.

Coach Walker said, "Leon Coleman has proven to be the most outstanding man on the team with Thomas Gomillion and Kenneth Sheppard running a close second. Horace Webb would have proven himself very valuable but he was out with a leg injury."

The Rams participated in the following meets:

Quadrangular meet at North Carolina College March 25, with Johnson C. Smith, A&T, North Carolina College.

Virginia State Triangular meet April 4, with Hampton, Virginia State competing.

Winston-Salem Invitational meet, April 11, with Norfolk, North Carolina College.

South Carolina State Relays, April 18.

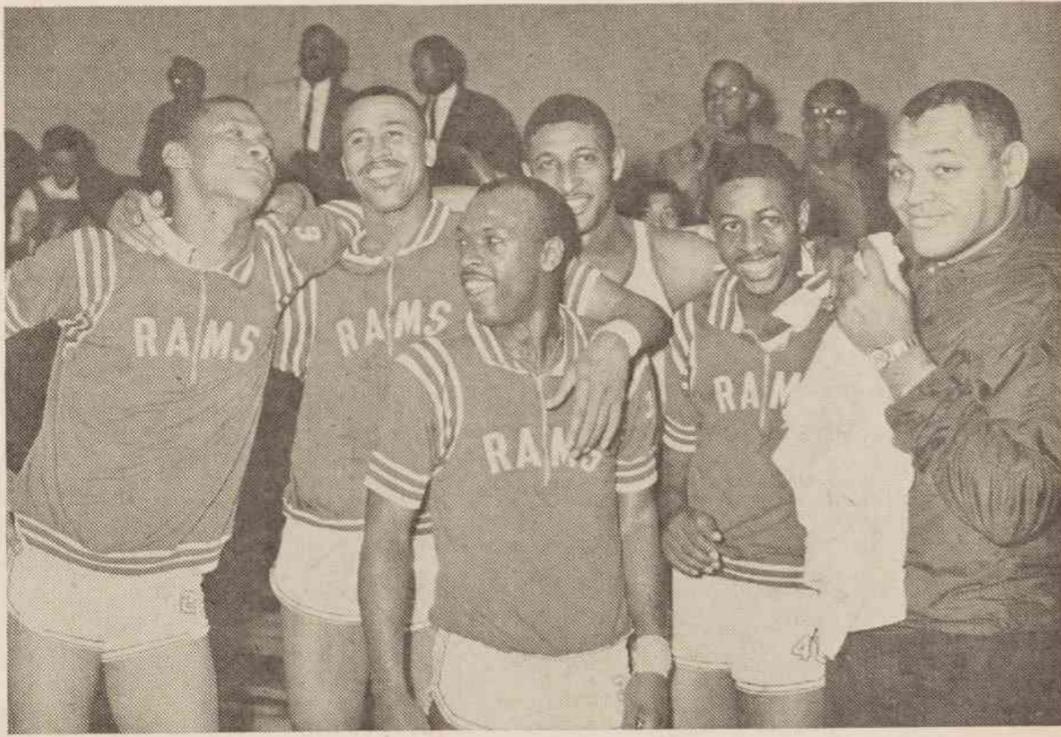

Fayetteville State Invitational, April 25, with State and Livingstone competing.

C.I.A.A. Championship meet, May 8 and 9.

In all these meets, State scored points in the hurdles, relays, and dashes. They did not win any meets, however.

They will travel to Raleigh for the A.A.U. Track and Field Championship meet in June. Coleman, Gomillion and Ray Wiles will make the trip.

Coach Walker said, "It has been a long, hard season. However, there will be a lot of new faces next season, and our best men are returning."

THE GRADUATING FIVE: From left to right—Richard (Mickey) Smith, Richard Glover, Charles Simmons, Louis (Left Hand) Parker, and Willie (Candy) Curry.

FINAL STATISTICS FOR BASKETBALL TEAM

Curry, Willie	26	196	429	448	47	103	456	131	5	64	1	431	16.5
