

HIP CITY CORNER

by J. Howard Daniels, II

ISAAC HAYES was suing Stax Records for 5.3 million dollars for breach of contract. He says that they owe him for Royalties never paid to him. They will settle the matter out of court. Did you know that the BLACKBYRDS (who made DO IT FLUID) are DONALD BYRD'S back-up group. They are also the first students at Howard University to hit the Hot 100 45 Charts. Look out for SYREETA WRIGHT, EDDIE KENDRICKS, NATURAL FOUR and the SPINNERS on "IN SESSION". HERBIE HANCOCK'S new LP, "THRUST", is not as commercial as "HEADHUNTERS", but is smoking for his jazz as well as his Rock Listner. (HAVE YOU SEEN THE NEW ARETHA ????) QUINCY JONES is back in the hospital for more brain surgery. His album, "BODY HEAT", is still on the rise. The MIDNIGHT SPECIAL will soon begin to air specials, first of all will be AL GREEN. Others to follow will include JOE COCKER, JOHNNY AND

EDGAR WINTER, THE O'JAYS, JAMES BROWN, MARVIN GAYE and many more. They have also announced that they will expand to FM Stereo by next February (IN CONCERT, already has). JUNE POINTER (POINTER SISTERS) is back in the hospital again (Third time in six months). The LIVINGSTON MARCHING BEARS have almost tripped from their last year band enrollment (mostly brasses). They have a BIG SOUND and look good. But.... still have not quite reached the status of WINSTON-SALEM STATE UNIVERSITY MARCHING RAMS BAND!!! They tried very hard and did an excellent job. But.... actually improved since last year. That hot Saturday afternoon, the stand music told the difference. Maybe some day some one will come up with the SECRET of THE MARCHING RAMS.... HOMECOMING '74 at WSSU will be the pinnacle of all Homecomings in the History of the School. Please don't go home to MOTHER... Stick around, tell her to "COME ON DOWN". Both shows will be at the COLISEUM, SO GET your reservations early at the Hotels for your PARENTS.

STARSCOPE

By GLORIA ROSS

"Day and night are weighed in Libra's scales, equal awhile, at late the night prevails."

-Manilius

This verse seems to typify the character of the Libran, born between September 24th and October 23rd, and symbolized by the scale, which represents balance.

Libra is one of the air signs, and this influence shows in the high ideals and goals of the Libran. Often aspiring for the intangible and unreachable, the Libran strives for an impossible level of perfection.

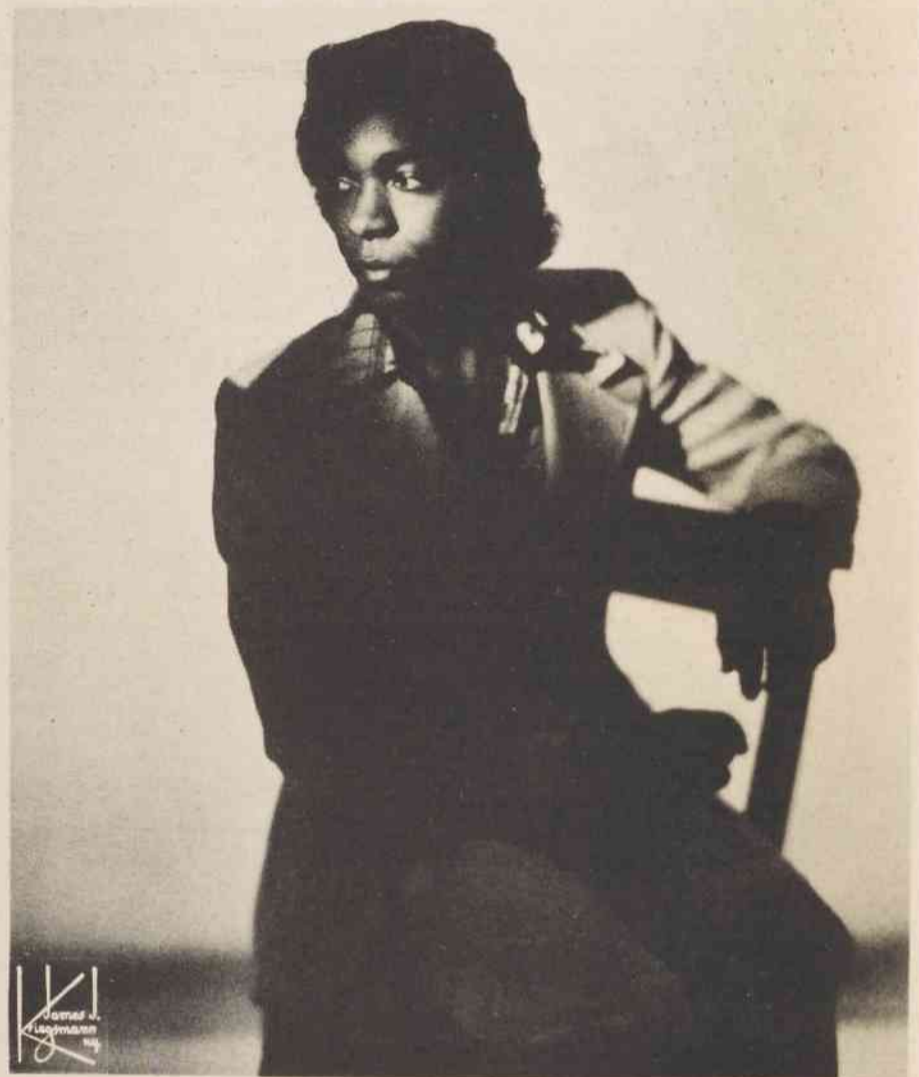

The balance represents a love of equality in the Libran character. He is a strong supporter of universal brotherhood and universal equality based on the rights of man. This balance is also seen in the Libran's lifestyle, he adopts the golden mean, the happy

mean is also present in the Libran's love life. He desires a smooth, calm relationship with a mate with a constant character. But he is not a good companion, since the Libran is not easily satisfied, and looks for perfection in his mate's actions.

Extremely perceptive, the Libran woman has keen and active intuition, while the male is highly rational. Librans are often gifted with an extra sense, and sometimes can understand feelings and thoughts not spoken by others. A night person, this "sixth sense" is most keen in the dark. He works and entertains better at night, and is much more friendlier during the twilight hours.

Philosophical in nature, Librans make good teachers, psychiatrists, philosophers, ideal politicians and writers. Monetary and business affairs escape him, because he is not a very practical person.

The keyword for Libra is Compromise. The strongest characteristics of Libra are
