

Day Students Are You Aware?

The Day Students of WSSU are faced with a problem. Either they are not aware of the special services and help that they can acquire in the Enrichment Center or they just do not have the time to take advantages of it.

Perhaps there was a time when Day Students had to go home and talk to big brother or big sister about certain problems in their school-work, but now this is passed. Instructors, tutors, and advisors in any department are willing to help students with problems in any field of study. They have the time to listen, but you must take the time to ask. The Day Students need to be familiar with the Enrichment Center because it is an aid to those students who cannot return to the dorm to study. Scholastic Achievement is a must at WSSU, and Day Students must put forth effort to become scholars.

In case you are not familiar with the Enrichment Center and their materials, here is a brief description of what you can expect to find.

The Enrichment Center is located in the basement of Carolina Hall. It must be entered from the northwest or the basement level or by the west stairs.

The Enrichment Center is opened from 8:00 a.m. to 9:00 p.m. on Friday and close at 5:00 p.m.

There is a tremendous amount of equipment available you can use. This equipment includes filmstrip

projectors, (silent and sound), filmstrip viewers, film loop projectors 8mm, motion picture film projectors, 16mm, slides carowod projectors, record players (monowall and stereo), video-tape recorders, (monawall and stereo) reel-to-reel recorders, cassette recorders, television, typewriters and calculators. Wouldn't it be nice to take advantage of this equipment?

Students who use the Enrichment Center, must follow certain rules. Students may obtain material (staff members and student aids assistance) from the resource room and use it in the area. Students are allowed to check out materials for classroom presentations the hour before it is to be used. It must be returned immediately. There is an exception, however, student teachers may check out material for use in public schools with the approval of the supervising instructor.

Students are permitted to use the tapes that are provided, but are advised to ask for assistance if they do not know how to work them.

Students must also return the tapes to the same place they got them.

Staff members are available to help you if you need academic assistance. Staff members are also willing to talk with you about personal problems. Staff members are friends who care and want to help you overcome any problems in any study or

otherwise.

Student tutors are willing to help you at any time that they are scheduled. Tutoring is free. Just think! You learn so much and pay so little! Remember, tutors care about you too. It is their job to help you when you feel you can not help yourself. Take advantage of their services.

Day Students, this is a call to you. Campus students are aware of the Enrichment Center. Mrs. Constance Johnson, head of the Enrichment Center, recently visited the dorms and told students about the Enrichment Center. Because of the wide distribution of Day Students it is not likely that they all are aware of the center. Day Students should use the Enrichment Center because they, like campus students, are entitled to it. Day Students should realize that the time has come when they have to take advantage of their rights and privileges.

Believe it or not, the Enrichment Center is your right and privilege. Day Students, the time has come. Enrich yourselves!

Sentinel To Run Series

The faith of black people is the subject of a five-part series beginning Monday, April 4 in *The Sentinel*.

The series chronicles the struggles of the black people from slavery to the present time when blacks are more and more moving into the main stream of living, work and play.

The series puts into perspective the civil rights struggle, the influence of the black church both on black people and in the values it has brought to white religion.

For those of you who do not want to miss a single one of these articles, enter your subscription to *The Sentinel* now by calling 725-1991.

Remember this series starts April 4 in ...

Running From The Devil

Running From the Devil Part III

Although it's been a while
Since I've conversed with you,
Sit down and let me tell you,
What that Satan tried to do.
Now, I'm one to boast,
And never one to brag,
But Satan still can't get me.
I know that hell's a drag.
Now I have been so happy,
I really don't know why,
But Satan's been a-looking
Trying hard to make me cry.
He couldn't get my soul,
So he started on my mind,
And as he used his pressure,
Peace -- I could not find.
Our trip to Philadelphia,
Now Satan met us there,
And long before we knew it,
His harshness filled the air.
He tried to take our voices
He tried to get us down,
He tried to steal our smile,
And put instead a frown.
Now listen, let me tell you
How we got victory,
It really was quite simple,
The Jesus Recipe
1 pinch of sheer contentment,
2 tablespoons of love,
5 cups of faith unlimited,
10 blessings from above.
A little touch of Grace,
A gallon of harmony,
A multitude of praying
Saints
And then -- A Victory!
Now Satan could not stand,
To see us praise the Lord,
He tried to make us doubt
our faith,
He tried to use his sword.
But when the battle had

begun,
There's one thing he forgot,
The Saints who praise the
Lord above,
Move forward They don't
stop!
Now Satan tried to make us
feel,
That God had let us down,
But ALL the Saints had to
do,
Was stop and look around,
A tear was here, A shout was
there,
The Spirit of God
Was everywhere!
On what a night
Oh what a time
the Saints had in His name,
And Satan just bowed out
the way,
He knew he could not hang!
So Saints again removed All
-fear
And held on to God's grace,
And as I've said two times
before!
I'm going to win this Race!
So Satan, now that you are
tired,
Why not take a rest,
We know by now that we are
able,
To pass your every test!
So praise the Lord,
And stomp old Satan,
He's lost the race once more.
For God has took his
powerful hand
And Saints have tripped the
score!
So Satan, why not take a
rest,
Your tricks have all played
out,
I'll serve the Lord until I die,
He's mine -- without a
doubt!

Book Review

Continued from Page 3

acknowledged his mulatto children. The Civil War years is similar to Margaret Mitchell's *Gone With The Wind*. During this section of the novel, a whole way of life that had been perpetuated for years abruptly ends with Sherman's final "March to the Sea" and the surrender of the Confederate States. The Reconstruction and Reaction segment relates the story of Vyry and her family's struggles with the reconstructed South and Ku Klux Klan terrorism.

Jubilee combines both fiction, romance and history into very enjoyable reading. An early forerunner of Alex

Haley's *Roots*, Dr. Alexander has vividly traced her family's history.
