No aid left For Summer School

By Constance Lowery

With summer school fastly approaching, many students will find there will be little or no funds available this year.

This situation is due to the fact that funds for summer school are based on what is actually spent out of the regular school year's financial aid budget.

Whatever is left after the spring and fall semesters is extended for summer school. Some financial assistance will be offered, but it can be obtained only by nursing students. Also, some minority scholarships will be available. All other financial aid funds are exhausted.

The regular financial aide assistance programs will resume in the fall of 1983.

If papers are needed for financial aid, they can be obtained from the financial aide office.

Earn \$500 or more each school year. Flexible hours. Monthly payment for placing posters on campus. Bonus based on results. Prizes awarded as well. 800-526-0883.
