By Ralph F. McKnight

NAME: Christopher Wilson, Shelby, N.C.  
MAJOR: Business Administration  
CONCENTRATION: Accounting

Shortly after conquering the UNIVERSE and just before getting a firm grip on the GALAXY, I plan to find out whats on the other side of the Rainbow!

My immediate plan is to pursue a career as a Systems Analyst for a fortune 500 company which deals in automation services and Telecommunications. I have a long-range plan to pursue a Master's Degree in Business Administration on a part-time basis.

I also want to start an investment club, continue to be a shrewd investor and ultimately become a "billionaire". I will

also continue as a self appointed ambassador to WSSU and the year after that...

NAME: Von Cobett  
MAJOR: English

Upon my gracious exit from Winston-Salem State University I plan to relocate in New Jersey and pursue my career in the field of communications. At present, I have secured a position with one of my relatives in his business, but that will only be temporary. I plan to do anything I can to get my foot in the door and fully establish myself in the field of television.

Hopefully my move to New Jersey will offer wide exposure and operate opportunity in the pursuit of my career goals.

NAME: Shirla R. Sewell, Raleigh, N.C.

Upon graduation I will attend J.T. Community College in Chester, VA. I am going to attain a degree in Mortuary Science and I hope to open my own business within the next five years.

NAME: Melinda Mitchell, Winston-Salem, N.C.

My immediate plans upon graduation is to work full time for AAMCO Transmissions as a secretary. Approximately a year. I plan to look further with great hopes of becoming a legal secretary.

NAME: Rodney Bennett, Native of Roanoke, Virginia

MAJOR: Business Administration

CONCENTRATION: Business Information Systems

Immediately following graduation, I plan to reminisce on my learning experiences - good and bad - encountered here at WSSU. A primary short range goal involves applying my business and technical skills towards a programmer/systems analyst career with ASHLAND OIL. Later, I expect to further my education, establish a black owned computer service firm, travel and live life to the fullest.

Take Care - Happiness to ALL.  
See you at the Top!

NAME: Ronald Stafford, Charlotte, N.C.  
MAJOR: Business Administration: Information Systems

My career goals after graduation are to obtain a challenging and rewarding position as a programmer for IBM. The experience, and knowledge I obtained at Winston-Salem State University will be very beneficial in becoming successful in this profession.

## "An investment in knowledge pays the best interest."

Your Government has published thousands of books to serve America. And now the Government Printing Office has put together a catalog of the Government's "Bestsellers"—almost a thousand books in all. Books like *The Space Shuttle at Work*, *Starting a Business*, *U.S. Postage Stamps*, and *National Parks Guide and Map*. I daresay there's even information on one of my favorite subjects—printing.
