Mayor Wood proclaims "Bighouse Gaines Day"

800 th Win From Page 1

Gaines handled both victory and defeat with a level response. If the team won, he would commend his team for proper execution. Similarly if they lost, stress would be placed on the part of their execution that was just a little off. Perhaps it sounds very simple, but in reality, the even handed approach is but one of many components that has not just made a local legend, but a national treasure that has endured for almost half of a century.
