

# Asthma

takes the air  
out of your game.

If you suffer from asthma you may be eligible to participate in a clinical research study. This study is testing the effectiveness of two marketed medications for the treatment of asthma.

You may be able to participate if you:

- Are African-American or of African descent
- Are between 12 and 65 years old
- Have a history of asthma

Study staff will review additional criteria with you.

You will be asked to come to the clinic for 17 study visits over approximately 15 months. All study-related medical evaluations and study medication are provided to qualified participants at no cost.
