Faculty member questions new policy for purchasing decals

Dear Chief Norris:

Following your e-mail message, I meant to renew/purchase my gated-parking decal on the first day that was possible—namely, today.

There were quite a number of people in line before the first of the two K.R. Williams meetings and I was concerned I might not make it to the booth before the meeting was to start, so I decided to go in, attend the meeting, and get my decal afterwards.

However, when I made it to the booth before the 2 p.m. meeting, I learned—much to my surprise!—that the gated

parking which I had had been sold out. I will be available, to anyone, until available, to anyone.

Allow me to point out whatsoever in your served policy would and I find it very odd who were late for the never attended it.

Also, I was wondering to have their gate keys one's getting a decal.

I think that we, though being told in full words and I am looking for who misinterpreted not outlined therein.

Faculty member questions new policy

Dear Chief Norris:

I must concur with the issue described by the in line at 7:15 a.m. and my current gated parking A, which I have paid seven, I was told it able. Sound and realistic can be a faculty the process used through of issues that do not ulty or staff retention.

Parking is a year seems that faculty able to continue the ments throughout the While issuing parking dents may need to follow the academic calendar, I do not understand why faculty and staff parking arrangements would not be done throughout the year as employees enter and leave the University.

would sit for a while and then retake their place in the line because it was difficult for them to stand for long periods of time. I'm guessing they felt the need to make sure they receive reasonable parking accommodations.

SGA leader shares thoughts about recent Division I transition decision

As many of you know, Sept. 11, 2009, the Winston-Salem State University Board of Trustees voted unanimously to support the recommendation from the Chancellor that WSSU remain a Division II athletic program in the NCAA.

If you visit the University homepage, you will find more information on the NCAA Division I Transition

Moreover, since this affects so many of our fellow Rams, we must continue to support our university and future Alma Mater as alumni and GIVE BACK as well as support our student-athletes when they are performing.

The success of the institution is dependent upon the drive and commitment of the student body.

Thus, I charge you with

this question - "What will you pledge?"

Will you walk with the

strength, vigor, and pride of a TRUE RAM?

What will you commit to your fellow Rams? What will you commit to yourselves and to your future Alma Mater?

I hope that you will take great pride in having such an important role in shaping the university's future.

Many of your questions may be unanswered and if so, please feel free to e-mail me and I will make sure they are addressed.

Whitney N. McCoy
Student Body President
2009-2010

My opinion about new policy

We need to make sure our faculty and staff with limited mobility receive reasonable parking accommodations, and they should not need to stand in line for them. Our opening meetings talked about shared governance and encouraged faculty and staff to work together to improve our University.

I'm not sure how this major change in the parking process occurred and would be very interested in learning if faculty and/or staff provided input.

I hope that a fair, equitable, consistent, and efficient process for faculty and staff parking will soon be developed.

Dennis Sherrod Professor,
Division of Nursing
Winston-Salem State University
