

New Registrar Begins Second Semester

by Caroline F. Kearns

Some may not realize it, but Methodist College has a new registrar. Last semester, Charles Plummer replaced Samuel Clark who was promoted to Director of Institutional Computing.

Mr. Plummer is originally from Johnstown, Pennsylvania, but has lived in the Fayetteville area for the past 35 years. He joined the Army at 17 and became a member of the Special Forces. After 20 years of active service, he retired at the rank of Sergeant Major.

After retirement, he decided to stay in the Fayetteville area. In 1973 he earned a BBA with a second major in History and a minor in Secondary Education from Campbell University. He also holds an MA in Management from Webster University in St. Louis and has completed one year toward a PhD in Adult Education through Nova University in Fort Lauderdale.

He has held positions at Fayetteville Technical Institute as the Director of In-

struction for Evening Programs and as Assistant to the Vice President for Academic Affairs. He "retired" in 1987 and began teaching part-time and traveling.

Mr. Plummer calls himself a history buff and enjoys stamp-collecting, gardening, and camping. He is married and has five grown children of his own and an adopted twelve-year-old daughter.

As the Methodist College registrar, Mr. Plummer is responsible for maintaining academic records, evaluating transfer credits, organizing schedules, and certifying that students have met graduation requirements. He maintains an open door policy and invites students to stop by and discuss their problems. "I want this office to be perceived by students as a place they can come to for help and assistance," he said.

Mr. Plummer said he applied for the administrative position at Methodist because of its admirable reputation in the community. "I am satisfied here and hope to spend the next ten years at Methodist," he said.

Methodist Registrar Charles Plummer does paperwork in his office.
