

## Student-Athlete Advisory Committee Mentoring Program

### S.A.M. Coming this Fall!

By Lee Glenn  
Sports Information Director

Methodist College has a very active Student-Athlete Advisory Committee on campus. This group serves as a liaison between the athletics and administration at Methodist College. The group also performs many volunteer activities within the greater Fayetteville community. Reading programs at elementary schools, volunteer work at public health clinics, and field day activities for school children are a few things our student-athletes are involved in with helping others. The S.A.M. component to be added in the Fall of 2000 is the Student-Athlete Mentor program. Each of our teams will have two SAM's as recommended by their coach and trained by the athletic director. These individuals will serve their respective teams by helping their teammates when problems or concerns

Just ask Jim Crayton or Michael Brown, who are involved in many activities on campus, about the opportunities to advance at Methodist.

arise. Any individual problem can be addressed by the SAM and then referred to student services as needed to help our student-athletes in times of need.

If you are interested in the Student-

Athlete Advisory Committee, please talk with your coach or see Bob McEvoy, director of athletics for further details.

## Welcome New Student-Athletes

By Bob McEvoy  
Director of Athletics

On behalf of the MC Athletic Department, I would like to welcome you and your families to our campus. As you know, we have a long and proud tradi-

tion of excellence in athletics at Methodist College, both on the playing fields and in the classrooms. We are pleased that you have decided to join our "athletic family" and I hope you are working hard in preparation for the year ahead.

You will be challenged daily as a student-athlete on the college level, so work hard this summer to meet those challenges. Don't count the days, make the days count!

To help your transition from high school to college athletics please be sure to have your paperwork completed with our athletic trainer's office before you arrive in August. This includes your physical, insurance information, and risk/waiver form as required by that office. Call 910-630-7177 if you have any questions. Also, be sure the Admissions Office has a copy of your final transcript from high school or junior college.

I look forward to meeting you and working with you in the years ahead as Methodist College continues to be a force in NCAA Division-III intercollegiate athletics.

Posing with the mascot after one of the home football games.

## 2000 Home Games

### Football Schedule
