

THE SAINTS IN SPORTSLAND

WILLIAM GOOSBY

The Saint Augustine's Horses are at this time well on the road to success for this season, commencing its season with a decisive victory, 62-34, over the Fort Bragg quintet on December 19, 1942.

The Saints, however, proved their ability to play basketball on Saturday, January 2, when they met their first CIAA opponent—the Shaw University Bears. The Bears entered the game with the intention of avenging themselves of a 1942 defeat, but the Saint's who are equally as anxious to distinguish themselves this year in the CIAA, displayed a fine quality of basketball that resulted in another decisive victory for them by a score of 72-30.

The Saints team as well as many others are suffering from the lack of manpower, but Coach McStallworth has been able to weld his supporters—Winfield Ashby, Joe Gordon, Howard Pullen, Oliver Morse, William Fax, William McKinney, Joe Saunders, Theodore Johnson, Maurice Beckles, Bradford Marshall—into an effective and skilled team.

The Saints are scheduled to meet several other CIAA teams this season, including North Carolina State, St. Paul, Hampton, A. & T., and Lincoln University.

Congratulations, boys, on your past showings for this season and onward to a 1942-1943 CIAA championship.

SUPPLICATIONS

PATTIE LAWS

O Lord, our God, O Lamb Divine,
 Creator, Master, King,
 We bow before thy Holy Shrine,
 To thee our prayers we bring;
 Calm thou the tempest raging now,
 That rends the soul of man;
 Help us O Lord, for only thou,
 Can break the heathen's band.

Let not the wicked triumph, Lord,
 Preserve the righteous man;
 Let us abound in one accord
 In this our fatherland.

Forsake us not for thou alone,
 Can stay the heathen's sword;
 Grant to us peace, O Holy One,
 Our master and our Lord.

O King of Kings, incline thine ear
 To hear our humble prayers;
 Let all our hearts be void of fear,
 Protect our hopes and cares,
 Endow in men thy love of peace
 Cause pagans to relent;
 Command to men that strife must
 cease,
 O God Omnipotent.
